WILSON AND PARTY ARRIVE AT CAPITAL

WATER PLAN ORPHANAGE DELAYED BY LAW MANAGER RESIGNS

Municipal District Readvertising Is Found to Be Necessary

State Amendments and Action of City Officials Declared to Be in Conflict

A MENDMENTS to the State law governing such cases, conflicting with the action already taken by the city officials and citizens behind the move for an east bay municipal water district, caused a legal tangle this morning when the petitions asking for the election to determine whether or not the district is to be formed were presented to the Board of Supervisors.

Mayor Frank K. Mott of Oakland, Mayor Hugh Craig of Piedmont and Mayor J. Stitt Wilson of Berkeley, with City Consulting Engineer J. Henry Dockweiler, appeared, according to published notices, to file the petitions. According to the law under which City Attorney Ben F. Woolner framed the plan, this would have been done, but under the new laws the petitions must be first presented to the County Clerk. The matter will cause a delay of two weeks, while the proceedings are readvertised in a different form.

Assistant District Attorney Leon Clark spoke on the matter, declaring that the amendment calls for presentation to the county clerk of the petitions, and also a certified copy. The clerk, after ten days to look up signatures, will present the petition with his certification, to the supervisor, who will set the date for calling the election. Notice of this meeting will be published.

The petition as filed, contains nearly five thousand names, or according to the committee, considerably more than ten per cent of the voters in the district, as seen at the last election. The petitions made a huge pile, which was, after Clark's opinion had been heard, presented to Assistant County Clerk Andy Johnson in the presence of the board.

APPEAR AS INDIVIDUALS.

"We are here," declared Mayor Mott, "not as officials but as private individuals to present this petition. As a result of the petition we believe you will call this election, according to the state law."

A number of protestants from Alameda and outside districts appeared, declaring that they desire their localities to be exempted from the proposed territory. As the matter did not come officially before the board they were not heard.

According to the present status of affairs, the petition will be checked and reported back to the supervisors. They will then be readvertised according to the form prescribed by the new law, and the board will be called.

Blazing Gasoline Burns Man Fatally

Plumber Victim of Explosion Which Ignites His Clothing.

SAN FRANCISCO. March 3.—Edward Clark, plumber of 190 Noe street, was fatally burned in an explosion in his home at 10 o'clock this morning. He was making repairs in the bathroom. Clark was leaning over his gasoline burner when, in some manner, the tank blew up and his clothes were immediately enveloped in the flaming fluid.

He rushed from the room and the blaze was soon extinguished, but not until his entire body was a mass of burns and scars. He was hurried to the Central Emergency Hospital, but it was found that he could not recover.

THOUSANDS CHEER FOR WOMEN

Charges Made Against Management Denied in Report of Committee

SUFFRAGE PARADE AND PAGEANT
Brilliant Affair at Nation's Capital

Women Marshals Ride Gaily-Caparisoned Steeds; Throng Line Avenue

WASHINGTON, March 3.—Votes for women scored a national triumph today at the woman's suffrage parade and great suffrage pageant given here by the women suffragists who have gathered from far and wide to this, their most spectacular event. Second only in its national interest to the inauguration, which takes place tomorrow, the women shared the honors of the day with the Wilson family that arrived on their special train this afternoon and have scored heavily for their cause by the world-wide publicity which this event has given to the suffrage movement. The parade and pageant, given on the marble steps of the treasury department, were witnessed by many thousands of people, many of whom are visitors here for the inauguration festivities tomorrow, and the cheering of the women at their various spectacular presentations for the suffrage cause was loud and prolonged.

The strange pageant moved up Pennsylvania avenue with great difficulty and surrounded with some danger. Crowds surged into the streets, completely overwhelming the police and stopping the pageant. Mounted police charged the crowds. In more than an hour the pageant had moved only ten blocks.

REPUDIATE CHARGES.
A number of complaints have been made against our superintendent during the last three months by some of the employees of our orphanage who have been discharged, and others who are about to leave, namely, C. E. Bennett, Warren Clark, Miss Fribble, Mrs. Harlow, Mrs. Emer Schall and others. These complaints were brought to members of your committee and to your vice-president.

The committee began its investigation following a statement made by C. E. Bennett, assistant superintendent in charge of one of the dormitories, whom Forde says, was discharged because he wanted to whip the children. He declared, it is claimed, that the boys and girls in the orphanage were whipped with a strap and that on some occasions they had nothing but an apple and a piece of bread to eat. The committee, after an investigation, repudiated these allegations and makes the following report:

RIDES INTO CROWD.

Finally automobiles were brought into play and with some of these few police who accompanied the marchers began to buck the crowd. The pageant slowly moved along sometimes not more than a dozen feet at a time.

Miss Milholland, a New York society girl, mounted on a white horse and dressed as a herald, finally rode up beside a mounted policeman and attempted to charge the crowd.

AVIATOR FLIES 2600 FEET ABOVE OAKLAND

Robert Fowler Thrills With Eight Flights, Carrying Passenger.

Robert Fowler, the aviator, dazzled the eyes of thousands yesterday by flying over Oakland and environs in eight flights, on one of which he rose to the dizzy height of 2600 feet. Fowler carried a passenger on all flights, remaining in the air from twenty to forty minutes on each occasion.

Once he flew out to sea to welcome a machine from the fair grounds that was piloted by Adolph Sutro, who was rapidly becoming an expert aviator. The two machines passed each other just beyond the Oakland pier, and then Fowler turned gracefully and accompanied his friend to the sunset grounds at the foot of Sherman avenue, Alameda.

Fowler used the hydro-plane with which he flew from San Francisco into Lake Merritt the other day.

LOCOMOTIVE BLOWS UP ON INAUGURAL TRAIN

Traffic Blocked on Pennsylvania; Engineer and Fireman Injured.

PHILADELPHIA, March 3.—A locomotive drawing the Massachusetts National Guard from Newland to Washington for the inauguration blew up at East Railway, N. J., on the Pennsylvania railway at 9:15 a.m. The engineer and fireman of the locomotive were badly injured but no passengers were hurt. Three of the four tracks were blocked, interfering with the inauguration traffic.

HETCH-HETCHY DENIED S. F. BY FISHER

Secretary Declares That Site's Natural Beauty Must Remain.

WASHINGTON, March 3.—Secretary Fisher today refused to grant the application of the city of San Francisco for the use of the Hetch-Hetchy valley as a reservoir site. The secretary, in his decision, said as a matter of broad public policy the natural condition of so important a natural curiosity and wonder as the Hetch-Hetchy valley should not be radically changed without the express authority of Congress.

The advisory board of army engineers substantially recommended the use of the Hetch-Hetchy valley in a report submitted to the secretary two weeks ago.

Mr. Fisher in giving his findings on the report wrote:

"I do not believe that the secretary of the interior should grant under the act of February 15, 1901, a permit in this case based upon the principal determining factor of the difference of costs between a valuable alternate source of water supply

SUTRO ESTATE SALE BLOCKED IN COURT

Charges Against Emma L. Merritt, Executrix, Withdrawn But Notice Was Wrong.

SAN FRANCISCO, March 3.—The opposition to the confirmation of the sale of \$55,000 worth of real estate in the Richmond district in the estate of Adolph Sutro, of which Dr. Emma L. Merritt is executrix, was withdrawn today by her sister, Mrs. Rosa V. Morbilo of Oakland. Charges had been made that the sale was unfair and that the arrangements were not being conducted as they should have been.

Judge Coffey did not, however, confirm the sale, because of a mistake in the application of law.

PRESIDENT-ELECT IS RECEIVED

Wilson Party Arrives From Princeton, Escorted by 560 University Students

Washington Is Thronged With Visitors; City Ready for Inauguration Events

WASHINGTON, March 3.—Bands were marching from incoming trains and thousands of visitors in holiday array were parading the streets today under a brilliant sun and cloudless skies, awaiting the arrival of Woodrow Wilson, who is to become president of the United States tomorrow.

So heavy was the traffic on all railroads that many trains were late, delaying the arrival of thousands.

The arrival of the new President and his family, attended by 560 students from Princeton University and the Essex Troop of New Jersey, was the magnetic event of the day.

The Wilson party reached the Union station at 3:46 o'clock this afternoon. All details for their reception were ready.

President-elect Woodrow Wilson and his family arrived at the Union Station at 3:46 o'clock. They were met at the train by Thomas' Nelson Page and William C. Austin, who escorted them through a lane of Princeton University students to the president's room in the station where a reception committee awaited him.

Colonel Spencer S. Cosby was waiting at the station with one of the White House automobiles, and the personal representative of President Taft, prepared to take Mr. and Mrs. Wilson to their hotel. The reception committee had provided carriages.

President-elect Wilson and Mrs. Wilson reached their hotel at 4:15 p. m. The other members of the President-elect's family followed in a second automobile.

TO CALL AT THE WHITE HOUSE: At 6 o'clock Mr. and Mrs. Wilson will be escorted by Colonel Spencer S. Cosby, President Taft's aide, to the White House where President and Mrs. Taft will greet the Wilsons in the Blue Room.

The members of the Wilson reception committee are: Thomas' Nelson Page, chairman; Theodore W. Noyes,

LANE SELECTED AS SECRETARY OF INTERIOR

Announcement of All Portfolios Except Agriculture Made.

WILMINGTON, Del. (On Board Wilson Special), March 3.—Vice-Chancellor Lindsey M. Garrison of New Jersey is to be secretary of war and Franklin K. Lane of California, at present chairman of the interior, Commerce Commission, will be secretary of the interior according to unquestionable authority.

This information was not obtained from President-elect Wilson, but from an intimate friend who is aboard the Wilson train for a part of the journey.

The same source of information gave the remainder of the cabinet slate as follows:

Secretary of State—William Jennings Bryan.

Secretary of Treasury—William G. McAdoo of New York.

Attorney-General—James McReynolds of Tennessee.

Secretary of Commerce—William C. Redfield of New York.

Secretary of Navy—Joseph Daniels of North Carolina.

Secretary of Labor—William B. Wilson of Pennsylvania.

Postmaster-General—Albert Burleson of Texas.

This leaves but one post, secretary of agriculture, about which authoritative information is lacking. This is to be filled will go to a college professor

carrying the mails because of the great bulk of traffic added by parcel post.

The Senate later adopted a partial conference report on the sundry civil appropriation bill. The House conferees however, would not agree to the Senate amendments for a \$1,500,000 appropriation for the government's participation in the San Francisco exposition to participate in the national conservation conference at Knoxville, Tenn. This afternoon, or to the Senate amendment for the payment of \$2,000 to citizens of El Paso, Texas and Douglas, Arizona, for injuries in the Mexican disturbances.

**MERRY GO-ROUND
IS WHIRL OF FUN****There's No Need of Worrying
Over Plot At the
Columbia.**

Those who wasted valuable time looking for a plot in Dillon & King's latest joy ride entitled "The Merry Go-Round" at the Columbia theater yesterday, no doubt missed many a hearty laugh in making up the contents of this jolly bit of nonsense the producers overlooked in the pictorial musical comedy's undignified element. There are no strings on Dillon and King's most recent effort, no threat of a story to hold on to.

"It's up to you to sit back, laugh and enjoy yourself." There are plenty of ludicrous situations and scenes to hold your interest throughout the entire action of the skit. It's a succession of amusing episodes.

Soon after the rise of the curtain you won't help but discover that Mike and Ike are at it again. They have their bill and endeavoring to beat that bill board bill. Your sympathies are with them when they try to escape but of course they are unsuccessful. The mercenary landlords connive there to work out their heart's desire in the "Merry Go-Round" manager and like as bell boy. From this point you are aware that things are happening with startling rapidity.

The petition makes the calling of the election by the supervisors mandatory, and it is expected that arrangements will be made to call it together with one of the several elections soon to be held. This plan, having adopted to save expense, is probably what the county clerk will be able to make a report on the matter by the next meeting. In the meantime District Attorney Hayes and City Attorney Ben F. Woolner of Oakland will meet to discuss the legal features of the plan.

Supervisor F. W. Foss occupied the chair this morning in the absence of Chairman John F. Mullins, who was absent to attend the funeral of the late Rev. Father J. C. McNally.

election will then be called. The election will determine whether or not the district, to include Oakland, Berkeley, Alameda, Emeryville, Piedmont, Albany, Sausalito and adjoining territory, and which will be the property of the Peoples Water company, and other holdings shall be formed. Residents of Niles, Berkeley and other towns are forming a protest, declaring that the proposition will take water from their neighborhood. This has been engaged for some time in a fight against water company holdings in this territory.

LAND ACQUIRED. "This project," declared Mayor Gray, "means much to the cities interested. Besides the supply of water at better rates, it will mean the acquisition of much land which will in the future be extremely valuable for park purposes. It will do away with a great many difficulties."

"Our signatures have all been checked up," said Mayor Mori, "and are ready for use right now. The county clerk will have but little trouble in going over them."

INVITATION LATE.

The Livermore Horse Show committee, through William McDonald, secretary, invited the board to attend the show, which took place Saturday. As the invitation was not received in time for last meeting, however, it was not read until today. Several members of the board had attended the affair, having been invited personally by the secretary.

ASKS SEMAPHORES.

For the protection of vessels passing through Oakland harbor, a system of

signals has been proposed in a recommendation from the War Department to the Board of Supervisors.

The department, through Colonel Thomas H. Rees, sets forth that the drawbridge cannot be opened quickly, and this sometimes results in accident. On several occasions collisions have taken place. It is suggested that signals be installed on the Webster and Harrison street bridges.

The signals prescribed by the department consist of six-foot semaphores. These are to be placed on the tops of bridges. Rows of electric lights would make the semaphores visible at night. This was referred to the bridge committee.

APPLY FOR LICENSES.

Edward Roderick of Irvington applied for a liquor license. The application of M. E. Connors, protested by Niles residents, was brought up. Arbitrators were presented by signers of the petition, whose right to sign was attacked by J. E. Barnard and several others, stating that they had signed and were qualified to do so.

Barnard had claimed that the signers, N. Lopez, A. A. Duarte and Maria Reiber, were illiterate and could not write. P. Quarteroli, of Niles, also applied for a license. The Connors and Quarteroli licenses were granted.

ENDORSES NEW HOSPITAL.

The Central Improvement club, through its secretary, W. H. Locke, endorsed the proposed new county hospital, urging that no time be lost in the work of planning the building.

H. D. Griffith and H. T. Blair appeared as counsel for the excavation made by the Pacific Telephone and Telegraph company. This is a yearly custom and is done as a matter of form. The bond is for \$500.

CLAIMS ARE FILED.

Claims against the Niles Bridge contract of the Leland Construction company, which follows: Pacific Gas and Electric Co., \$17,45; P. C. Hansen Lumber Co., \$160,35, for supplies. These were referred to the finance committee.

Repairs of fender piles on the Webster street bridge, completed by the Hyde-Harles Co. were accepted.

Miscellaneous expenses attached to the Alameda county exhibit in Los Angeles were allowed by the board.

**POLICE ON GUARD
IN ROSS CHURCH****Fear of Trouble by Woman
Causes Pastor to Secure
Guards.**

ROSS VALLEY, March 3.—With barely two score of his fashionable congregation in attendance, besides the choir, Rev. Hubert Cowley-Carroll preached yesterday morning at St. John's Episcopal church with three police officers stationed at points of vantage to prevent possible trouble should Mrs. J. K. Fields, who, the pastor charges, had already attacked him, put in an appearance. Mrs. C. Rogers was stationed within the church and Policeman George Ryan and M. McMichael were on guard outside the door.

Ever since Mrs. Fields' alleged sensational attack upon the rector last Thursday evening when Rev. Cowley-Carroll says she assaulted him with a baton after upbraiding him for not caring for her, aristocratic tongues have been wagging and Ross Valley and San Rafael, where both are well known, are in a state of mild uproar.

HEARS REPORTS. Reports that Mrs. Fields planned to swoop down on Rev. Mr. Cowley-Carroll during the sermon and denounce him to the members of his flock present were carried to the vestrymen and as a result all of the available officers were called upon to prevent any such plan but carried out in the interest of the church say.

Despite the promised interruption by Mrs. J. K. Fields, Rev. Mr. Carroll's audience did not appear at the church nor did anything out of the ordinary take place.

Instead of taking Mrs. J. K. Fields to trial on a charge of battery, attorneys for the Rev. Cowley-Carroll may prefer charges of insanity against her this week in Judge Zook's court in San Rafael.

INSANITY CHARGE.

This action was discussed yesterday by the vestrymen of the church, who are acting as attorney for the minister. They met at the close of the morning sermon, which was preached by the Rev. Cowley-Carroll without referring, except in the most indirect way, to the scene between him and Mrs. Fields last Thursday evening.

The vestrymen declared that it might be unwise to press the charge of battery against Mrs. Fields on Wednesday morning when the case is set for trial.

Besides, she has a black eye, which might look as though the battery charge ought to be turned the other way. The minister is said to have a scratch on the wrist as evidence.

Mrs. Field made no effort yesterday to approach her former pastor.

AVOIDS VISITORS.

She remained until yesterday noon at the downtown hotel in San Francisco, where she went into retreat Saturday after leaving her bungalow in Kentfield to avoid curious neighbors and other callers. At noon she returned again to Kentfield.

Meantime her husband spent the greater part of the day in making a round of downtown hotels in San Francisco looking over registrars. Asked his object in doing this, Fields said he did not wish to talk for the present.

"All that I can say is that my wife has not told half of her story," said Fields. "When she tells the whole of it, there will be many astonished persons among the parishioners of the Rev. Mr. Cowley-Carroll in Ross."

**CANDY GIRL'S MOTHER
CROSS-EXAMINED TODAY**

SAN FRANCISCO, March 3.—Mrs. Bertha Williams, mother of Ethel Williams, who was the witness in the trial of Otto C. Johnson for a statutory offense, was on the witness stand under cross examination today. She was interrogated as to the intimacy between her daughter and the wealthy practitioner and was taken over the ground of Miss Williams' acquaintance with other young men.

**NEW EXHIBIT OF
ALAMEDA COUNTY****Installed in Los Angeles and
Considered One of the
Finest Made.**

Alameda county now has an entirely new exhibit in Los Angeles, and the Alameda County Exposition Commission is bailing all of its energies toward capturing the tourist when he first sets foot in the southland. Paul Goldsmith, secretary of the exposition commission, and W. D. Nichols, superintendent of exhibits of the commission, returned today from that city after having installed the new exhibit and enlarged the work now being done in that city by Alameda county.

The new exhibit that has been installed by Mr. Nichols is the finest in that city, though, of course, it is not as large as that maintained by the local Chamber of Commerce there," said Secretary Goldsmith. "The Alameda county commission has always maintained an exhibit in the Chamber of Commerce of Los Angeles but it has been at work for the last two months entirely replacing the old display with a new one. Everything is new, new and up-to-date, and a piece of installation has been adopted that makes our exhibit different from anything in the room. The moment that a visitor steps into the Chamber of Commerce in Los Angeles the new exhibit looms up bigger and better than anything in the interior of Contra Costa county.

The commission and the Board of Supervisors will inspect this exhibit upon their trip to Southern California on March 18, and it is not beyond the range of possibility that this line of work will be enlarged even beyond what is now being done there.

The exposition commission will hold their monthly meeting tomorrow when Goldsmith and Nichols will make reports upon what they have done in the south and when plans for the visit to San Diego will be made.

**SANTA FE MEN
TO MEET HERE****System Loss and Damage
Committee Selects Oak-
land for March 26.**

Between fifty and sixty prominent officials of the Santa Fe Railroad will gather at the Hotel Oakland on March 26, when a meeting is called of the system loss and damage committee. The committee, which meets every six months, will take up the matter of adjustment of claims. Meetings are to be held in Chicago, New York, Boston, Philadelphia, Atlanta, St. Louis, and San Francisco, and the first meeting will be held in the city of Los Angeles. He was a close friend to General Sherman, Kit Carson and Captain George Stone and was a member of the James gang. He was a member of the San Joaquin Miners Association and the Modocino Lumber company and was associated with Henry Morris. He also acted as president of the Redwood Manufacturers' association.

The last rites were read by Rev. Herbert C. Moore, pastor of the First Congregational church of this city and the body was cremated in the Oakland Cemetery.

**SAW ASSASSINATION OF
SALVADOR PRESIDENT**

SAN FRANCISCO, March 3.—Mrs. Cordelia Moran, an eye-witness to the slaying of President Manuel Araujo of Salvador last month, was a passenger on the Pan American liner to San Juan, arriving in Central American port yesterday. Mrs. Moran, who is the wife of Norberto Moran, a Congressman in the tropical republic and formerly Minister of War, came here to place two of her children in school.

Fabio, 10, years old, and Cordelia, 8 years old, who accompanied their mother, passed through the exciting episodes of the revolution. The home of the Moran family was blown from the square in which the ruler was mortally wounded by a machine gun of a native. He died four days later.

Mrs. Moran is a sister-in-law of Dr. Otto C. Johnson for a statutory offense, was on the witness stand under cross examination today. She was interrogated as to the intimacy between her daughter and the wealthy practitioner and was taken over the ground of Miss Williams' acquaintance with other young men.

**FIRST TRAIN RUNS

BAY POINT****Last Spike of Oakland-Antioch

Night, 24 Hours Late.****Train Schedule Not Yet Fixed:
Regular Service Starts in
April.**

Yesterday afternoon saw the passing of the first train over the completed line from Oakland to Bay Point. The last spike of the Oakland-Antioch railway was driven Saturday night, just 24 hours late, according to the calculations of the engineer, who had promised to have the road in operation by the first of the month. Small matters, however, which were unforeseen delayed the construction, and although the men worked night and day, the electric road was not finished on the time stated. The golden spike marking the completion of the road was driven by A. H. Mitchell, general manager, at midnight Saturday.

The signals prescribed by the department consist of six-foot semaphores. These are to be placed on the tops of bridges. Rows of electric lights would make the semaphores visible at night. This was referred to the bridge committee.

COUNCIL HAS SUMMONED ROADHOUSE PROPRIETORS

Alleged Sale of Liquor to Young Girls Will Be Investigated

The hearing concerning the alleged sale of liquor to three girls under age in Sullivan's and Winger's roadhouses in East Fourteenth street will come before the city council tomorrow morning, and Chief Walter J. Petersen will make his report at that time. The proprietors of the two roadhouses have been summoned to appear to show cause why their liquor licenses should not be summarily revoked.

The three girls have not the appearance of being over 16 or 17 years of age is taken as being a bad showing against the two roadhouses. The statements of the girls and their male companions, as well as evidence gathered by the police, tends to show that they were served with whisky and "high balls" despite their tender years, and as the Child's Welfare League and the Y. W. C. A. and other organizations have taken up the matter, it seems likely that the city council will not be lenient in its judgment of the offense charged.

WANT DISTRICT DANCES.

As an outcome of the investigation of the stories told by the three girls, Isa-

belle Verrey, Viola Cronin and Grace Edwards, there is a movement on foot to popularize the plan to have dances in school houses in various districts of the city and to have these well supervised.

It was shown in connection with the investigation of the charges made by the girls that they had met their male companions at a Sunday night public dance in Oakland, and had gone for an automobile ride with the men after the dance.

"The dances are not bad in themselves," said Chief Petersen today. "But it is difficult to have them properly supervised. So we are strongly in favor of this movement started by the Child's Welfare League to have the Board of Education grant the use of schools for neighborhood recreational purposes, with proper supervision."

"I hope to see the time when every dance of a public nature in the downtown district in Oakland shall be attended to an officer of the peace whose duty it shall be to see to it that the dancing is of a proper nature. But we cannot do this as yet, and the neighborhood dance plan, properly handled, would relieve the situation greatly."

CHICAGO PLAYGROUNDS AND RECREATION CENTERS.

One of the most important features of these playgrounds is the large field houses, of which have been constructed in different parts of the city, at a cost of \$250,000. These field houses contain assembly halls, gymnasiums for men and women, dressing rooms, showers, shower baths, dance halls and restaurants, and are open to the free use of the public throughout the year. Many of these Chicago playgrounds have large outdoor swimming pools which are a great source of delight for children and adults during the summer months.

Mr. de Groot was one of the speakers at the Pacific Coast playground and recreation congress, which was held in San Francisco February 26 to 28, 1913.

The lecture to be given tonight has been arranged by the Oakland playground de-

partment, referred to that fact and said.

The distinguished citizen arrived in the city from New York February 23 and announced that he was going to establish a Dutch colony. He held conferences with numerous merchants and it is asserted that private detectives were put on the case when it was learned that it was the Japanese government that was behind the scheme to purchase a colony site in California. More than half of the Japanese in the United States are residents of this state and Gildemeester, in a statement, referred to that fact and said.

The Japanese government fears that soon it will not be able to send any more immigrants to California and it is desired to secure ownership of several tracts of agricultural land while there is no law forbidding such a move. The government wants to obtain a property rights here to guard against the possibility of their emulsion.

Gildemeester's father is interested in the immigration scheme in different parts of the world and is a wealthy resident of Antwerp.

Neither the Burns nor the Pinkerton Detective Agencies, the largest in the city, have been retained in connection with the case.

HENRY P. HOOK DIES AT HOSPITAL

Was Member of Hook Bros. & Co. and Prominent in Club Circles.

Following a three months' illness, Henry P. Hook, prominent business man and clubman of Oakland, died yesterday morning at Providence hospital of a combination of appendicitis and typhoid fever.

Hook was active in the furniture business of Hook Bros. & Co. in Twelfth street, near Broadway, for many years. After the death of his father, the late Elijah Hook, he and his brother, William P. Hook, carried on the business. He was the owner of the Hook building, which is occupied by the Oakland Market, and vice-president of the Hook Realty Company.

Born in Contra Costa county, Hook was brought to Oakland at the age of ten months by his parents over forty years ago. He was a charter member of the Oakland Lodge of Elks No. 171.

He is survived by the widow, Mrs. Gertie E. Hook, his mother, Mrs. N. P. Hook, another, William P. Hook of Oakland and Mrs. James Brock, a sister, of Seattle.

The funeral will be held tomorrow afternoon.

ATTORNEY'S HOME IS LOOTED BY BURGLARS

SAN FRANCISCO, March 3.—Henry Eckhoff, attorney and clubman, is one of the numerous victims of the housebreakers who have been working with success in the fashionable residence section of the Richmond district. Eckhoff's house was ransacked yesterday, personal articles down to the penknives of the Chinese Cook being taken.

WINNIPEG, Man., March 3.—In a rear-end collision of freight trains at the Canadian Northern line at Marchand in the southeastern part of Manitoba, late yesterday, two members of the train crew were killed and two so badly injured that they probably will die.

FRIENDLESS BOYS IN PATHETIC CLUB

MAIDENS SPLASH AT THE PANTAGES

Forty Lads, 9 to 17 Years Old,
Form "Self-Defense Club"
and Hire a Mother.

CHICAGO, March 3.—Forty boys, nine to seventeen years old, without homes and with few friends, founded a society here yesterday for "homeless, friendless and penniless" boys. The official name of the organization is "The Friendless Boys' Self-Defense Club." The boys rented a home large enough for the original forty and some others who might drop in. They are to have three meals a day, laundry and clean beds for \$2.40 a week each and will pay \$5 rent for their house. The boys have employed a woman who will be a mother to them.

The rules provide that a boy who is lonely and has no home may stay at the place until he can find a suitable place to live or he will be given a chance to join the club. The organization, according to announcement, is maintained to give every boy a chance to make good. All members must be at home by 9 o'clock every night; must not use tobacco in the home and must attend night school three times a week.

SCANDINAVIAN SINGERS TO JOIN IN BIG CONCERT AT MAPLE HALL

THE FESTIVAL COMMITTEE OF THE UNITED SCANDINAVIAN SINGERS OF SAN FRANCISCO: STANDING FROM LEFT TO RIGHT—SVEN SWENSON, ARNT HAUGERUD, EMIL HOGBERG, MARTIN L. CRAEMER, SITTING, FROM LEFT TO RIGHT—VIGGO KOENIG, WILLIAM JENSEN, LAMBERT GIESSLOW, PETER PETERSON.

The United Scandinavian singers of San Francisco, a male chorus of 100 voices and composed of the Swedish, Norwegian and Danish singing societies, will, together with the Swedish Pacific coast, each with a membership of over 500 singers, from different parts of the coast states. A number of famous singing organizations from eastern states and from Sweden, Norway and Denmark will visit our shores and participate in these festivals.

For the entertainment of these thousands of guests, the above mentioned Scandinavian singing societies will have amalgamated and will render two great singing festivals during the present year and 1914 in Oakland and San Francisco for the purpose of raising the funds to defray the necessary expenses. As a united organization they will render mutual assistance to each other and also assist the three

national Swedish, Norwegian and Danish "Förbund" or united societies when they celebrate their national days at the coming exposition. The Swedish, Norwegian and Danish singing societies in Oakland will probably join the San Francisco amalgamation in the near future.

At the above concerts a number of songs and music of famous Swedish, Norwegian and Danish composers will be rendered by the grand chorus and by each society separately. The committee of arrangements is composed of William Johnson, president; Lambert Giesslow, secretary; Viggo Koening, treasurer; Emil Hogberg; Peter Petersen, Martin Craemer, Sven Swenson, Arnt Haugerud and Konrad Andersson. Professor Axel M. Philstrom is director-in-chief.

Tom Kelly, our Tom, Oakland's favorite vaudeville's peerless baritone and comedian, and this week the Pantages' general utility player, tripped onto the stage to say all of this, and more, yesterday afternoon. Satisfied over his success as a singer thus far, Tom went on to amaze us.

"Miss Schmidt is the brave little Alameda girl who swam the bay of San Francisco from the Vallejo shore, to the Oakland mole, Oakland, California. She later swam around all of the sea rocks. These rocks, as you may or may not know, are infested with sea lions and other dangerous things, such as clams."

Close Up the Indecent Joints.

There is only one effective way of dealing with the roadhouse nuisance and that is to take away the license of every resort-keeper who conducts his place indecently. When saloon proprietors sell liquor to minors, particularly young girls, they should be closed up. The testimony they present in their defense is usually tainted, but it is often sufficient to render abortive a prosecution. It is within the discretion of the county supervisors and the city council, however, to issue or withhold licenses, or to forfeit them. When the general atmosphere of a place becomes immoral and debasing it should be closed up.

Take the recent case of the three young girls who took a night ride in an automobile and created a great scandal, for example. All these girls were under age, yet they were allowed to drink, dance and carouse late at night in saloons of the roadhouse variety. Such things should not be permitted. They are demoralizing and corrupting, and a menace to good order and social decency. If these girls were not debauched as well as made drunk it was no fault of the roadhouse-keepers who sold the liquor with which they were plied, and who allowed them to drink and dance in their resorts.

A properly-conducted roadhouse is a public convenience, but one indecently conducted is a den of iniquity. It corrupts youth of both sexes, and should be suppressed in the interests of morality. The way to suppress them is to take away their licenses. That recourse abates a nuisance, removes a danger and obviates the necessity of instituting criminal prosecutions which impose an expense on the taxpayers.

When a resort-keeper is charged with violating the law by selling liquor to minors or keeping open after hours, a failure to convict should not end the matter. The supervisors or the council should take cognizance of the circumstances and the general repute of the place and close it up if the proprietor cannot show a clean bill of health. When one is found continually operating on the borderland of lawlessness and drawing around him the dissolute elements of society, he should be deprived of a privilege which is abused and made a source of scandal and indecency. An indecent place, whether within or without the pale of the criminal law, should not be allowed to exist.

There is something queer about the Dutch colony promoter, F. van Gheen Gildemeester, who says his father is premier of Holland and at the same time a capitalist of Antwerp. Antwerp is not in Holland. It is the commercial metropolis of Belgium. It would be strange indeed if Holland should have for its prime minister a subject of the king of Belgium. Gildemeester represents, also, that he is acting for the Japanese government in acquiring a colony site in California. It is safe to say that it is not true. The Japanese government has repeatedly disclaimed all intention of acquiring lands for any purpose in this country or Mexico. Moreover, the Japanese authorities are discouraging emigration to this country, and are bending all their energies to settling Formosa and Korea with Japanese. Gildemeester claims to be a Hollander hailing from Antwerp in Belgium. It is like an Italian hailing from France. His story does not hang together. The extraordinary thing is that he should have fixed the residence of the premier of Holland in the kingdom of Belgium.

The President-elect has kept everybody guessing to the very last as to who he would call into his cabinet. It will be interesting to compare the forecast published this morning with the list of names handed out at the inaugural tomorrow.

The Skirmish at Douglas.

The brush at Douglas, Arizona, between a detachment of the Ninth United States Cavalry and a company of Mexican regulars was probably the result of some personal broil. The Mexicans would hardly have attacked American troops on their own side of the border unless prompted by the spirit of revenge. As they appear to have come over on American soil looking for a fight, it is gratifying that Uncle Sam's troopers gave them a drubbing and chased them back across the line.

The Ninth Cavalry is a colored regiment with a fighting record. Wherever it has faced a foe the regiment has given a good account of itself—on the plains fighting Indians, in Cuba and the Philippines. The Ninth is the regiment that saved Roosevelt's rough riders where they were ambushed at Guasimas, in the Santiago campaign.

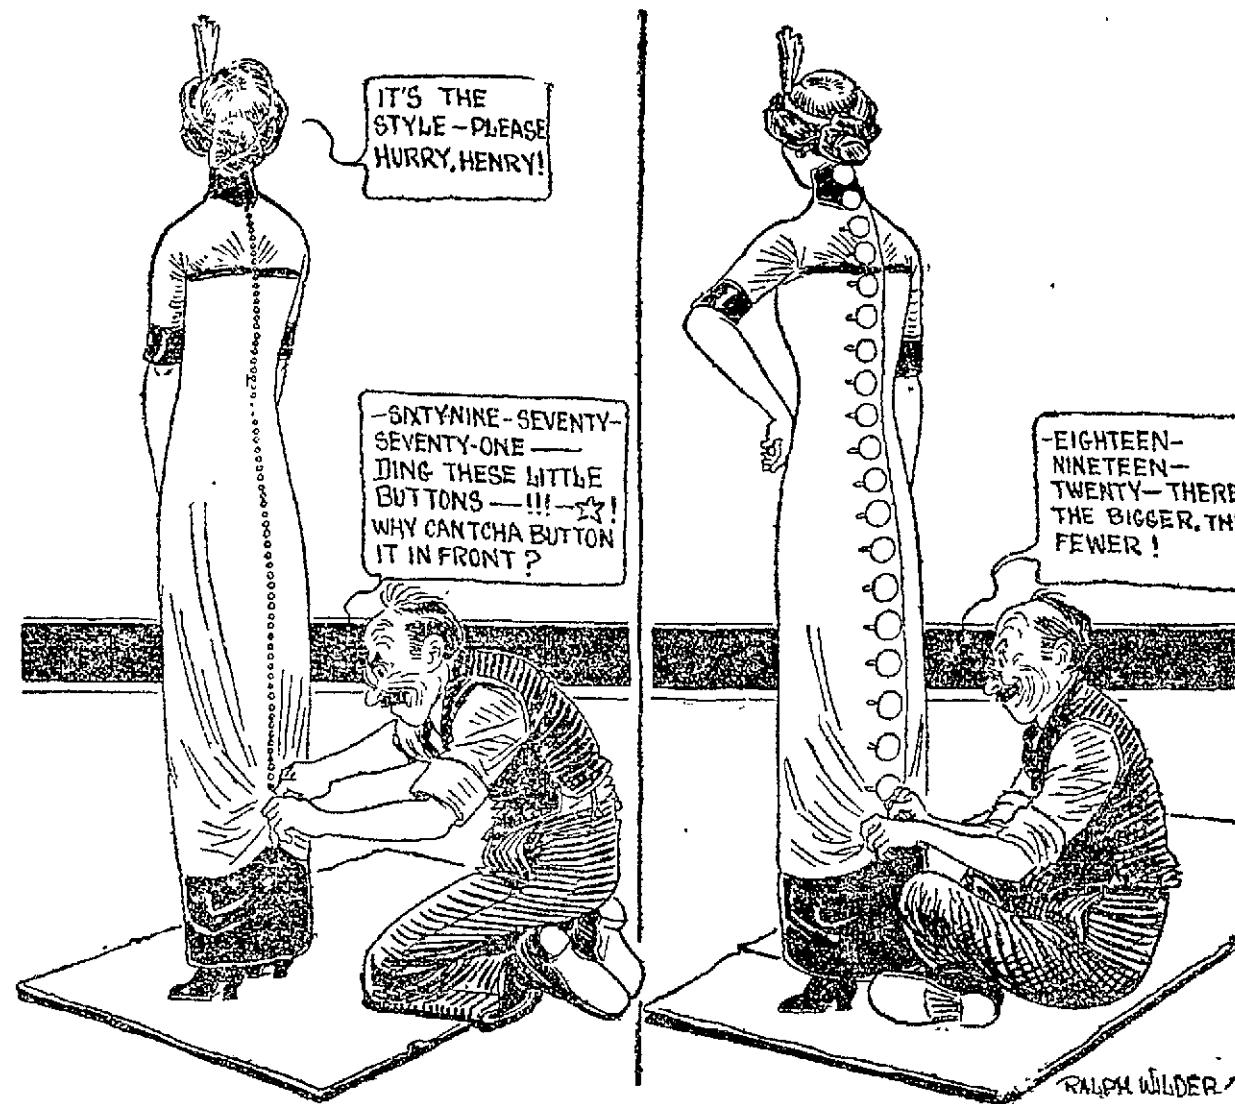

The skirmish at Douglas is an evidence of the tension along the border. There has been considerable depredating along the frontier, and doubtless there would have been much more raiding and plundering but for the presence of United States troops posted at strategic points on the boundary. Insurrectos in particular have been in the habit of crossing into American territory to get remounts and provisions without taking the trouble to pay for them. Governor Colquitt has been vigorously protesting against the outrages perpetrated in the frontier counties of Texas.

It is reported, however, that it was a force of Mexican regulars that attacked the colored troopers at Douglas. If so, the Huerta government is directly responsible. The soldiers of the Ninth appear to have carried the war into Africa, so to speak, by continuing the fight on Mexican soil. This complicates matters. There will now be a dispute as to who fired first and where the fight began. The difficulty is that the Mexican combatants persist in hugging the line and fighting so close to it as to endanger the lives and property of American citizens on their own territory. Both sides maneuver for position where a safe retreat can be made to the American side of the line. One of their favorite tricks is to get into a position that will force the opposing side to fire across the line in an engagement. A number of Americans in Texas and Arizona have been wounded by shots fired over in Mexico. Two were killed.

The Mexican factions have been violating the laws of neutrality by a studied course of procedure which keeps the inhabitants on the American side of the line in constant terror and uneasiness, interferes with their business and makes their lives and property insecure.

The skirmish at Douglas may bring this thing to a head. Madero was unable to stop the depredating and President Taft was loth to take extreme measures to punish the aggressions. But the Governor of Texas threatens to call out the State troops if some remedy is not soon applied. Such things cannot be tolerated indefinitely. This government ought to protect American citizens on their own soil if it does nothing else.

World's Fair Music.

The people of the Pacific Coast must be interested in the musical scheme of the San Francisco World's Fair, and as the World's Fair is to be an international exposition to which all nations have been invited, the music at the World's Fair must be international, it seems to us, and to be international it cannot be a local San Francisco musical exploitation for the credit and for the advantage of our own local or Pacific Coast musicians. We must appeal to a higher or to a broader constituency. Every city has its local musical clique and our community is not free from this division, and as evidence we point to the present condition in San Francisco, with a direct opposition on the part of one set of musicians against the local Symphony Orchestra.

The World's Fair musical scheme must be relieved and elevated from all possible influences of clique hostility and it appears to the unconventional looker-on, who is interested in the art of music, that the San Francisco World's Fair should be in the hands of not only a national committee, but that musicians should be invited to take part in the selection of the programs and the institutions that are to be invited to participate. There are prominent musicians in nearly every State of the Union. We have not heard of one important musician of Illinois, Ohio, Pennsylvania, New York, Massachusetts, or any other State, invited to become a member of the Committee of Music or Board of Music. Who is to be at the head of the board? A musician from the midst of us here, belonging to one of the cliques?

We have not heard of one musician from France, England, Germany, Russia, Austria, invited to become a member of the music board for the purpose of assisting to arrange an international program. It is impossible for the board of directors of the World's Fair to contemplate a musical scheme for that great event merely under the auspices of a number of San Francisco and Oakland local musicians. We must recognize the leading musicians of all States in which music is prominent, chiefly classical music, but also, of course, popular music.

We must recognize those national musicians, because the States, through Congress, are contributing to the World's Fair, and there are the music clubs, thousands of them all over the United States. Are they all to be ignored, by simply being invited to take part in a program in which they have no part as constructors or consultors? The present system of placing this great question of music in the hands of a local board of musicians, who have necessarily no experience as compared with a great national or international board, seems to us to be inviting disaster to one of the greatest phases of the World's Fair in the direction of art.

REBATES ON DINNERS

Hotel men and big restaurant keepers are watching with interest a plan of the Hotel Breslin management to solve the tipping problem by returning to each customer 10 per cent of a check of 50 cents or more for food, the idea being, while not directly stipulated, that at least 10 per cent of the check is to go to the waiter as a tip.

Apparently there is nothing to prevent the customer, whether he lives in the hotel or not, from getting the 10 per cent reduction in his pocket. That is left entirely to the customer.

When the Breslin plan was mentioned to other hotel men they were shy at being quoted on the subject. Thomas M. Hilliard, managing director of the Vanderbilt, perhaps best expressed the general attitude of hotel men on the subject as follows:

"We have nothing to do with tipping. We do not recognize it. It is a matter for the public to deal with."

It was about five days ago when there appeared on the menu cards at the Hotel Breslin this material:

"Ten per cent reduction on all checks over 50 cents."

The patrons of the hotel were puzzled. At a result, D. B. Milligan, manager of the Breslin, the originator of the idea, has been answering questions about it all the week. He says he is pleased with the result.

"Some eight months ago," he continued, "I began to think about this tipping question. I read in the newspaper and heard from customers that there was great ob-

jection to tips being paid to the boys and women who check hats and wraps at hotels. We have women here, and I felt it would be an easy matter to solve the problem. I gave the young woman hat checker \$25 a month and her board. I gave instructions that no tips were to be accepted.

"What happened? One day I discovered that this woman was accepting tips. I spoke to her about it. She admitted it and said there was no way of getting around it. Even my brother and my best friend gave her tips, although they know my orders."

"Furthermore, if a man came in with a woman and the hat check girl refused a tip the man was insulted and so was the woman with him. I saw that plan wouldn't work, so I went back to the old hat check tipping, which is often referred to as piracy and brigandage."

"Then I hit upon this scheme of returning 10 per cent of checks for food if the check was more than 50 cents. I have not added 1 cent to food prices. The great saving is to persons who live permanently in the hotel. You take 10 per cent of what they pay yearly for food in the hotel and it means a couple of hundred dollars. I would rather pay a waiter \$75 a month and board and have no tipping, but would others do it? Of course not. The result would be that I would have nothing but poor waiters."

For Hair Health

If you have "33" Hair Tonic does not improve the health of your scalp and hair, we will pay for what you use during the trial.

We do not strongly endorse Rexall "33" Hair Tonic and cannot sell it to the same people if it does not do all we claim. Should it not prove entirely satisfactory our customers would lose faith in us, we would lose their patronage, and our business would suffer.

If your hair is falling out or you suffer from scalp trouble, we believe Rexall "33" Hair Tonic will continue to eradicate the dandruff, give health to the scalp, stimulate new hair growth and prevent premature baldness than any other human agency.

We want you to make us prove this. We ask you to take no money whatever. Buy a bottle of Rexall "33" Hair Tonic, use it according to directions, and if it does not prove entirely satisfactory, come and tell us and we will promptly hand back the money you paid us for it.

We won't ask you to sign anything nor even to bring the bottle back. We won't obligate you in any way. We will take your mere word. Could anything be more fair? And we have still more to prove our belief in Rexall "33" Hair Tonic, and our honesty of purpose in recommending it to you?

Rexall "33" Hair Tonic is as pleasant to use as spring water and has but a faint, pleasing odor. It comes in two sizes of bottles, 50c and \$1.00.

CONGRESS NEARS END OF EPOCH-MAKING STRUGGLE

Many Important Pieces of Legislation Enacted During Last Two Years

WASHINGTON, March 3.—With the adjournment of Congress Tuesday noon, the end will be written to two years of epoch-making struggle within party ranks, and to three sessions of effort, only partially successful, to adjust the differences between a Democratic House, a Senate under Democratic-Progressive control, and a Republican president.

Many important pieces of legislation have been passed without the intervention of a popular significance to the public have been conducted, and many subjects of general interest have been laid aside without action. The attached table shows the Democratic and Republican successes, twice during that period, has been the subject of attempted revision, but none of the proposed changes became effective.

The Sixty-second Congress opened in 1911 with a special session called by President Taft to consider Canadian reciprocity. It ends with an extra session of the 63rd Congress only a few weeks away to be called by President Wilson for a general revision of the Payne-Alderman reciprocity bill.

Notice served on the world by the Senate that the United States will not permit foreign nations to secure military or naval footholds in areas that might threaten the safety of this country.

Children's bureau created in department of Commerce and Labor.

Panama Canal law passed, establishing ports, and barring railroad-owned vessels

from the canal.

Campaign publicity laws passed, requiring a complete public accounting of campaign expenses.

William Lorimer declared not entitled to seat as Senator from Illinois.

ARCHBALD CONVICTED.

Judge Robert W. Archbold of Commerce Court impeached and convicted on charges of judicial misconduct.

Money trust investigation conducted. Campaign expenditure bill passed covering campaign funds of 1904, 1908 and 1912, and disclosing correspondence between John D. Archbold of the Standard Oil Company and members of Congress.

Investigation made of formation and operation of the United States Steel Corporation.

These comprise but a few of the laws passed. Investigations conducted, treaties passed, and legislative subjects considered during the two years of the last session.

Canadian reciprocity law passed, but rejected by Canada.

Wool, cotton, metal and free list tariff bill passed, but vetoed by President Taft.

Constitutional amendment for popular election of Senators submitted to the states.

Shipments of liquor into prohibition states forbidden by law.

New Federal bureau of labor created, with career officer at its head.

Physical valuation of the property of

the Senate, Democrat's declined to permit action on the great majority, and the result will be that President Wilson will fill the places after he comes into office.

This factional struggle, coupled with the fact that Democrats controlled for the organization and control of Senate and House under the new administration, injected the political equation into the last session's work to an unusual degree. Several bills that might have become law in the past have been delayed because Democratic leaders preferred to have the subjects carried over until a Democratic President, Senate and House can have an opportunity to carry out definite legislative program.

Important actions in the short session just closing include:

"Literacy test" immigration bill passed, but vetoed by President Taft.

Standard oil franchise special term amendment passed by Senate.

Life prisoners in federal prisons made eligible to parole.

Five-year closed season for fur seals incorporated in the international seal inquiry into the Titanic disaster.

Federal control of water powers defeated in the Senate.

Manufacturers of foods required to state the weight and contents on outside of packages.

Government authorized by law to seize contraband goods as soon as imported into the United States.

Lincoln Memorial authorized to cost \$2,000,000.

PASS TARIFF BILLS.

The Democratic majority that took control of the House when the congress organized insisted on going ahead with other features of tariff revision, and passed other bills. All three were rejected with the aid of Progressive Republicans.

In the Senate reached President Taft.

They were vetoed, on the ground that the tariff board was conducting investigations, the result of which must be known before a proper revision of the tariff could be made.

Legislative work throughout the special session, and the long session beginning in December, 1911, and running through last August, included the following:

Increases in the size of the House of Representatives from 386 to 435 members.

Age and service pension law, increasing Civil War pensions.

Eight-hour law covering government contractors of Arizona and New Mexico to statehood.

Use of poisonous white phosphorus in match-making prevented by excessive tax.

Opium drug law amended to prevent misleading labels on patent medicines.

Wireless communication brought under careful regulation, the law requiring the wireless on all ocean vessels to be adequately manned.

Customs imports required to carry an ample number of lifeboats.

Red Cross recognized officially as a branch of Government service in time of war.

Federal relief given to 1912 flood sufferers in lower Mississippi valley.

Commerce Court and Tariff Board virtually legislated out of existence.

Industrial Commission authorized to study relations between capital and labor.

TREATIES RATIFIED.

This Congress has witnessed the ratification of many important treaties with France and Great Britain, negotiated by President Taft, however, were not ratified, because the Senate so amended them that the President considered they did not carry out the understandings made with the two powers.

In the two years, however, the following important agreements have been perfected:

Fecunary Claims treaty with Great Britain.

North Atlantic Coast Fisheries agreement with Great Britain.

For oil treaty with Great Britain.

Russia and Japan.

International agreement covering man-

Wise Women Will Avoid This Pitfall

Four years ago, our most valuable textile invention, the semi-elastic Lastikops Webbing, was introduced—first in the form of hose supporters, later as part of several Nemo models. It was such a marvelous success that the demand for Nemo Corsets with Lastikops features has become prodigious. Women have learned that some elastic parts are required to make a very long corset comfortable.

Here's the PITFALL: Other manufacturers, having become experts in imitating Nemo ideas, are pursuing their usual tactics by making imitations of Nemo Lastikops Corsets, but, having nothing new or better, they are compelled to use the same old, feeble elastics which were discarded as worthless years ago—the same old elastics which gave you all your hose-supporter trouble.

Lastikops Webbing, and all other Nemo elastic fabrics are used ONLY IN NEMO CORSETS. This is to warn you against throwing your money away on imitations. Insist upon seeing the LASTIKOPS trade-mark on all elastics and in the corsets. That is your only Guarantee of Safety. BE WISE!

HEART TRIBUNE'S PAGE for WOMEN HOME

Society

THE season of social meetings is surely coming upon us. If one observes the signs of the times, for a fair majority of the social affairs one hears of at this time are in honor of one or the other of the charming coterie of engaged girls who are making bright our early season. The surrender to Cupid has been almost an epidemic among the bachelors this spring, some of the most whimsical being society, from the debutantes to those who have been out several seasons, acknowledging their allegiance to the little blind god. Among the fair maidens who can be named off-hand are Miss Madeline Cleary, the attractive fiancee of Warren Harrold, whose wedding will take place April 22; Miss Emily Harrold, sister of Miss Clay's fiance, who is herself engaged to Royal Milligan of San Francisco; Miss Grace Downey, who will wed Charles Clutch March 25 at an elaborate ceremony, with a number of the prettiest of the society girls as her attendants; Miss Friselle Hall, whose marriage to Ronald McCullough of Manila will take place next month, and who is being feted at a round of delightful affairs by her numerous friends; Miss Caroline Parsons, fiancee of Douglas Parker, and Miss Margaret Stanton, whose marriage to Arnold Weber of Berkeley will soon take place.

DANCE AND DINNERS.

The Friday Night Club dance which is planned for the evening of March 28 at the Hotel Oakland will provide an incentive for a number of smart dinners before the dancing claims the supremacy of the evening. The club members are mostly for the debutante group. Two of the charming girls, Miss Pearl Dawson, the daughter of Mr. and Mrs. Tyler Henshaw, and Miss Helen Coogan, daughter of Mr. and Mrs. Timothy Christopher Coogan, will share the honors at a dinner which is being given by Mrs. Robert H. Collier for that date. A number of other large dinners are on the social calendar to precede the dance, which will be one of the events of the social season. The patrons of the club are: Mrs. Q. A. Chase, Mrs. M. W. Kates, Mrs. N. A. Acker, Mrs. E. M. Walsh, Mrs. Andrew Moseley, Mrs. H. C. Taft, Mrs. T. C. Coogan, Mrs. D. H. Mathes, Mrs. G. W. McNear Jr.

DANCE FOR VISITOR.

Mrs. Harry Alston Williams was a host Saturday night, entertaining in honor of Miss Mary Darney of New York, who is visiting Miss Corinne Williams. The evening was delightfully spent in cards and dancing, most of the guests being chosen from among the young friends of Miss Corinne and Miss Florence Williams. About a score were present. Miss Darney will spend the rest of the week at the Williams home, and will be included in a number of formal social affairs during that time.

FAREWELL LUNCHEONS.

Mrs. John McKenzie, who last year, for an indefinite stay abroad, said farewell to her friends at a series of luncheons last week. On Monday and Friday, Mrs. McKenzie entertained a group of friends at the Hotel St. Francis, among the number being Mrs. John P. Young, Mrs. Frederick Zeile, Mrs. Percy Pettigrew, Mrs. Philip Bradley, Mrs. Mark Requa, Mrs. John Wheeler, Mrs. John Davis, Mrs. Theodore Rethers, Mrs. Charles Gross, Mrs. C. H. Wilson, Mrs. Granville Abbott, Miss Alice Kelly.

STUDIO TEA.

A number of Oakland folk ordered the day to attend the studio tea given for Miss Phyllis Partington by her sister, Miss Gertrude Partington, last week. Society, literature and the arts were represented by their most prominent members and exponents, all meeting to do honor to the California girl who has won a place and name for herself in such assured fashion. The spacious rooms of Miss Gertrude Partington's studio were massed with delicate spring flowers and handsome baskets of blossoms, gifts of the friends who rejoiced in the success of the talented girl. Miss Blanche Partington and Miss Elsie, Miss Alice Lee and Miss Lucy Lee Cushing assisted the hostess and her honor guest in receiving. Among those who attended were: Miss Mary Allen, Sigurd Beck, John D. Barry, Mr. and Mrs. C. D. Birrell, Mr. and Mrs. Francis Brugiere, Mr. and Mrs. J. Z. Coryell, Miss Ina D. Goolin, Mr. and Mrs. Robert H. Collier, Miss Verna de Fremery, Captain and Mrs. Robert Howe Fletcher, Mr. and Mrs. Charles

RETURNS FROM SOUTH.

After a delightful visit of several months in the south Miss Ellen O'Sullivan has returned to this city and is staying with her sister, Mrs. Oscar Sutton, at the Sutton home in Piedmont. During her sojourn she was the guest of Mrs. Patrick Boland, another sister, and was entertained at a number of delightful affairs. Miss Sullivan spends much of her time in Europe.

TO PLAY BRIDGE.

Mrs. J. B. Wright was hostess today at an elaborate bridge party at the Presencia Club in San Francisco, entertaining a large number of maids and matrons of the smart set of the cities around the bay. Among those who are going from this side is Miss Julia Galpin, one of the debutantes of the younger set. Miss Galpin will entertain the members of one of the debutante bridge clubs at her home next Monday. The members are mostly San Francisco girls, among the few from this side being Miss Galpin, Miss Dorothy Capwell and Miss Phyllis and Miss Lila Lovell.

TEA IN ALAMEDA.

One of the elaborate teas of the week was that given in Alameda Saturday afternoon by Mrs. James C. Eschen and her daughter, Miss Eleonore Eschen. The guests of honor were Mrs. James Nielsen and Mrs. Louis Larsen, two recent brides, and Miss Laura Birkholm, sister of Mrs. Larsen, whose engagement to Cecil R. Rauh had been announced.

Owing to the serious illness of her fiance, Roland McCullough, all affairs in honor of Miss Priscilla Hall have been indefinitely postponed. McCullough arrived last week from Manila, and has since been under the care of a trained nurse at the Hall home. His illness is diagnosed as typhoid fever.

Owing to the serious illness of her fiance, Roland McCullough, all affairs in honor of Miss Priscilla Hall have been indefinitely postponed. McCullough arrived last week from Manila, and has since been under the care of a trained nurse at the Hall home. His illness is diagnosed as typhoid fever.

BRIDGE LUNCHEON NEXT WEEK.

Mrs. M. A. MacDonald has postponed the bridge luncheon, which she had planned for today, until next Monday, which will be held for twelve at Mrs. MacDonald's attractive home in East Oakland. The guests will include the members of a small bridge club which devotes its meetings to the playing of royal art.

BUILDING NEW HOME.

Mr. and Mrs. Harvey Gharadelli are superintending the finishing of a pretty new home in the Claremont district, which they expect to occupy in the early spring months. Mrs. Gharadelli was Mrs. Gladys Ostrander, a popular society girl, before her marriage last season.

ENGAGEMENT ANNOUNCED.

The engagement of Miss Alice Welch, daughter of Mr. and Mrs. Manuel Welch of Walnut Creek, and C. Clyde Laird, has been told to a number of friends in the bay cities. The wedding will take place during the summer months. Miss Welch is a descendant of the pioneer Welch family, who owned extensive ranching lands in Contra Costa county in the early days. Laird is the son of a family prominent in Siskiyou country.

MUSIC AND BRIDGE.

Miss Jean Zeeckendorf entertained a group of her girl friends recently at her home in Dover street. The home was charmingly decorated with ferns and carnations, and delightful music and a few rounds of bridge were the pleasures of the afternoon. Among the guests were Miss Alma Stamper, Miss Doris Norton, Miss Incy Doolittle, Miss Irma Doolittle and Mrs. F. F. Teague.

WEDDING ANNIVERSARY.

About thirty friends enjoyed the hospitality of Mr. and Mrs. G. A. Faraday at their home in East Oakland recently on the occasion of the eighth anniversary of their wedding. Cards, music and dancing afforded diversion for the guests. The trophies for the game and the various appointments of the festive were presented by the Washington birthday season, and were carried out in fine and

WOMEN IN THE NEWS

NO INAUGURAL BALL; NEW DRESS IS USELESS

Wife of President-Elect Must Save Creation for Another Occasion.

PRINCETON, March 3.—Mrs. Woodrow Wilson gave last night the first description of her evening gown, which, however, she will not be able to wear at the inauguration because President-elect Wilson has caused the abandonment of the inaugural ball, and there will be no other function at which an evening gown would be appropriate. Mrs. Wilson will wear the gown at the first evening occasion thereafter.

The gown is a brocade rose pattern, the predominating color being light green. It is low in the neck and has a long train. There is a drapery of lace at the neck and down the front of the skirt and a suggestion of lace down the back. About the neck also, there is a little iris-terles applique beadwork and some butterflies in shades of green rose. There is a similar butterfly on each sleeve at the shoulder.

"The gown is artistic, simple and graceful, without being elaborate," said Mrs. Wilson.

It was made in Paterson by a firm said to be the original American silk manufacturers. The company sent a designer to Mrs. Wilson and her ideas were carried out to her liking. The silk was specially dyed to suit her fancy. This firm had previously made the inaugural gowns for Mrs. Roosevelt and Mrs. Taft.

The dressmakers were a New York company, selected by Mrs. Wilson, because their chief operator had done satisfactory work for her.

At the inauguration parade and swearing-in of the President, Mrs. Wilson and her daughters will wear ordinary cloth walking dresses. They were especially made for the inauguration, but Mrs. Wilson said that they require no description.

The Law Is Useless

SAN FRANCISCO, March 3.—When the entire San Francisco legislative delegation gathers around the luncheon board at the St. Francis Friday, as the guest of the San Francisco Center of the California Civic League, the lawmakers will be informed by Mrs. W. V. Douglas and Miss Katherine Fulton that they need not worry about passing any mothers' pension bill at this session of the legislature.

The legislative committee of the San Francisco Center, of which Miss Fulton is chairman, has decided that none of the bills introduced at Sacramento meets the requirements.

The only one which seems to have a chance of passage, say the women, is the present bill mandating a mothers' pension. They contend that it does not provide pensions for mothers in the true acceptance of the term, but merely calls for the distribution of state funds to needy widows, orphan asylums and like according to the system already in operation.

Mob Hurls Turf

LONDON, March 3.—Wild scenes were witnessed in Hyde park yesterday when a mob of several thousand broke up a suffragette meeting held under the leadership of "General" Mrs. Flora Drummond.

Several free flights occurred, and masses of turf torn from the ground were hurled at the speakers. It required a strong body of police to protect the suffragettes and escort them to a place of safety.

Similar scenes marked a meeting at Wimbledon Common. In both cases women were knocked down and bruised.

GRACE—Nothing adds to the appearance of the hands more than the nails.

These should be carefully attended to. Many girls are much disturbed about the tiny white spots which sometimes appear on the surface of the nails. These are often due to injury, and I have often noticed that girls who carefully press

away the skin from the root of the nail with a steel nail file are more annoyed with these blisters. One must be careful about this, for these white spots mar the beauty of the nails. Push the skin back with the blunt end of an orange wood stick. I shall be glad to send you instructions for maniuring the nails if you will send me a stamped addressed envelope.

BLUE EXED BOY—Here is the formula for an excellent astringent for enlarged pores. It will also remedy an oily complexion. One and one-half ounces of witch hazel, one-half ounce tincture of benzoin, one ounce sputum of wine, and five ounces of orange flower water. Put the tincture of benzoin into an eighth ounce bottle with the spirits of wine; add the other ingredients previously mixed, and shake slightly. Apply this with a sponge night and morning.

Are Formal Banquets Injurious?

By LILLIAN RUSSELL

ORMAL dinners of many courses are shunned by a lot of women who fear that they do not contribute to bodily welfare or mental uplift. But a formal dinner that has been arranged with a due regard for the varying properties of the food is far from harmful. Just as a physician gives you different kinds of medicine to be taken at alternate periods, so can a scientific chef arrange a dinner menu, whose various components dovetail into each other and aid the stomach to do its work without fatigue or distress.

Of course the surroundings are just as important as the proper serving of the food. Light, music and laughter are first aids to digestion. Flowers, too, by pleasing the eye, stimulate the gustatory nerves. The gastric juices flow freely when the mind is attuned to pleasant things—where there is mirth, entertainment and happiness. The stomach, as well as all other organs of the body, is affected by the mental condition of its owner. A happy mind makes a sound digestion always.

Aside from the accessories, all banquets and formal dinners commence with a relish which gives a fillip to the appetite, followed by oysters, clams, crab meat or similar tasty morsel, and before the soup is served the stomach is aroused for action. The soup, light yet stimulating, is also a skirmisher, and the entree helps to consume time while the gastric juices are lining up to overcome the meats and vegetables. The stomach, having been properly disciplined for the heavy course, has no difficulty in conquering it. The dessert, made up of entirely different food elements from those that have gone before, finds its place without making any fuss, and enters into the chemical combination that makes blood, bone, muscle and flesh. As a formal dinner lasts several hours, the process of digestion, being continuous, has proceeded just as rapidly as the consumption of the food, and overloading of the stomach is impossible. There is a sharp line, however, between temperate eating and gluttony, and no direct rules can be made to apply to all cases. Remember, your stomach is the seat of your conscience when you are eating.

only round out your throat, but will improve your health and help develop the bust. Gentle massage with warm cocoa butter, around and upward along the glands, will enlarge the bust. Any exercise that involves the muscles of the arms and chest will also help. If you will send me a stamped addressed envelope I shall be glad to send you instructions for developing the bust.

ANXIOUS—I am sure something can be done to remedy the puffy condition of your eyes. First, I would advise you to wash your eyes out each morning with a good eye wash, using an eye cup. If there is any inflammation there the wash will help it. Also massage the eyes gently with a good skin food, but be very careful that you do not press the eyeball. This will not relieve the swelling. I shall be glad to send you the formulas for skin food and eye wash, also a set of strengthening exercises, which may also help you. If you will write to me again asking for them and inclosing a stamped addressed envelope.

X. Y. Z.—When the bone is large there is nothing you can do to make it smaller. You can, however, cover up this defect by making the hands more plump. To do this massage the hands daily with a good, nourishing skin food or with warm cocoa butter. If you scrub your hands with a hand brush, warm water and plenty of soap you can easily remove all the dirt. Make a practice of scrubbing them good each night. It is no difficult matter to get the hands clean and to keep them clean depends entirely on yourself.

SCHOOL AND PLAYGROUND

SCANTY ATTIRE OF SCHOOL ATHLETES IS CENSURED

Severe criticism has been given to the suits now being worn by the boys of the public schools of this city in the basketball game, which has become a very popular outdoor sport. The principals of the institutions of learning have joined the parents in consoling the clothes donned by the athletes. Before the lapse of another year, a warmer and more respectable costume will be recommended for the players.

PROF. H. G. Pfund, supervisor of physical culture in the Oakland schools, stated today that the boys were not warm enough in their light trunks and vests and would suggest that they wear heavier clothing, as they are more liable to be stricken with colds and pneumonia will inevitably result.

In speaking of the present system of athletics Professor Pfund said: "We are endeavoring to unify the athletic training for the boys and girls in the public schools. There is great danger nowadays on the part of the athletes to overdo one activity and develop only certain parts of the body. The pupils must guard against over-development of the limbs and seek to develop the entire system. The imperfections of the system tends to remedy many of the imperfections in gymnastic work and has been found interesting for the students."

Material is being selected in the Manual Training and Commercial High School for the various athletic teams and outdoor sports, which will be directed by the school coach. Despite many drawbacks which were encountered by the girls' athletic association, last winter, the students are confident that they will have a successful season this spring. Sophie Fosen, a member of the commercial class of the Manual Training and Commercial High School, was among the basketball devotees of the school and often rooted for the girls and boys who were matching wits with rival teams.

AMERICAN TROOPERS WIN BORDER BATTLE

9TH CAVALRY KILLS FOUR MEXICANS

Officers Report Skirmish Near Douglas, Ariz., With Huerta Soldiers.

Mexican Soldiers Fired First, But Troopers Reply Machine Guns.

BULLETIN.
EL PASO, Tex., March 3.—Mexican soldiers on patrol duty on the Mexican side early today fired a few shots over the international line. The bullets fell in Washington park, three miles east of El Paso. No one was injured.

DOUGLAS, Ariz., March 3.—Four dead Mexican soldiers and an unknown number of wounded were taken to Agua Prieta today from the point on the international border five miles from here, where two troops of the Ninth United States Cavalry fought a thirty-minute battle with Mexican regulars yesterday.

More than 200 shots were fired by the American troops, and it is estimated that fully as many were fired by the Mexicans.

None of the Americans was hit. Neither side crossed the international line. Colonel Guiffoyle, commanding the Ninth Cavalry, has sent detailed report of the skirmish to the War Department at Washington.

DENIED FIRING FIRST.

General Ojeda, Mexican commander at Agua Prieta, today declared that the American troops fired first. This is denied by United States army officers. Lieutenant Nicholson, commander of the fifteen men who first engaged the Mexicans, and Captain Armstrong, who commanded Troop E in the battle which came to the relief of the guard, declared today that a volley came from the Mexican side before the fire was returned by the Americans.

According to the accounts given by the army officers Lieutenant Nicholson and his fifteen men were fired upon without warning by seventy-five Mexican federales. The patrol returned the fire, but in a few minutes retreated to the C. and A. smelter, sending to the camp of the Ninth for reinforcements.

MACHINE GUNS USED.

Troops E and F, under Captain Armstrong and E, under Captain Nichols, responded with a machine gun and machine guns of ammunition. At sight of the reinforcements the Mexicans began firing. The troops replied vigorously and a general engagement was soon on. The opposing forces were stationed in skirmish line, 300 yards apart, with the international line between them. After thirty minutes the Mexicans retreated beyond the range of the troopers' rifles.

An incident which preceded the skirmish, and which is believed by some observers to have some connection with the Mexican attack by the Ninth Cavalry, border patrol soldier the night of Juan Castillo as he was trying to cross from the American side to Agua Prieta with messages from E. Calles, leader of the Maderista junta in Douglas, to Calles' followers in Sonora.

FIRIED OVER LINE.

Soon after the arrest of the rebel messenger Saturday a few shots were fired across the line at a squad of the border patrol. The sergeant in charge of the federal garrison of Agua Prieta and Felipe Luna were executed at Agua Prieta yesterday on order of General Olidre, being charged with conspiracy against the Huerta regime.

MILITARY RULE PROMISED.

MEXICO CITY, March 3.—The firm and energetic military rule promised by the new Mexican government under Provisional President Huerta probably will be inaugurated this week. Huerta has had eight days of conference with the various rebel chiefs or with commissioners sent by them. The government is now disposed to consider as irreconcilable all those rebels who continue to delay definite recognition of the new order of things.

The program of pacification it is expected will be put to vote next week. A band of adherents of Zapata fired on a federal trap train running from the capital to Coahuila yesterday, and 60 soldiers were killed or wounded.

ZAPATISTAS ACTIVE.

Similar bands of Zapistas continue to commit raids in the federal district itself and in the state of Morelos, in

dicating that some mountaineer rebels to the south of the capital are destined to keep up their guerrilla warfare despite the negotiations between the government and the brothers Zapatista.

Though the federal government expresses itself as sanguine of success in the northern states a lack of harmony between the various bands of rebels in that section developed on the arrival of representatives of Orozco and other chiefs. Today and tomorrow are to be devoted to conferences between these rebel representatives and the ministers of war and interior.

The railroads between the capital and the north still are interrupted. There has been practically no mail from the United States for fifteen days, except that brought by steamer to Vera Cruz.

DIAZ ENCOURAGES AMERICANS.

MEXICO CITY, March 3.—All proper compensation in Latin America will be encouraged by the new Diaz government in Mexico and a general shakeup in Mexican political offices will result from the overthrow of Madero, according to General Francisco Herrera, who is visiting in San Diego.

ERNESTO MADERO ILL.

ITHACA, N. Y., March 3.—Some concern is felt over the condition of mind of Ernesto Madero, the Cornell student and brother of the late president of Mexico. After engaging railroad transportation to New York last week with the intention of going to meet his family in Havana, it is learned he remained here in the care of friends. He was deeply affected by the tragic death of his brothers.

It is not thought yet that Madero will go to Havana Tuesday. He is anxious to join his family there to discuss plans for the future.

BOND ISSUE NEEDED.

MEXICO CITY, March 3.—Equivalents in Latin America will be encouraged by the new Diaz government in Mexico and a general shakeup in Mexican political offices will result from the overthrow of Madero, according to General Francisco Herrera, who is visiting in San Diego.

MARSHAL HERRERA, SAN JUAN.

MARSHAL HERRERA, San Juan, Puerto Rico, has been appointed by the new Diaz government to succeed General Francisco Diaz as chief of staff of the national army.

General Diaz, who has just received that commission, was a colonel in the Diaz army and is a staunch supporter of Diaz. He says the younger Diaz will attempt to carry out the policies of his uncle, Porfirio Diaz, he predicts an immediate return of peace.

MINING MEN CAPTURED.

MARACAIBO, Venezuela, March 3.—Two American mining engineers, Guy N. Blorring and William Leslie Taylor of Duluth, Minn., were captured Saturday by wild Motilone Indians while making a petroleum exploration near Lake Maracaibo.

The American consul, John A. Ray, left today for the Indian country.

MADEROS IN CUBA.

HAVANA, March 3.—All the members of the Madero family now in Cuba will sail for New York tomorrow. They have made reservation of four state-rooms on board the Ward Line steamship Mexico. The original plan of joining Raoul and Emilia Madero at San Antonio has been abandoned.

REPORT WAS FALSE.

MEXICO CITY, March 3.—There is no truth in the account published in the United States of the killing of Saturday by federal soldiers with machine guns of 100 militiamen from troops who had fought under the late President Francisco Madero.

The story was based on the explosion of a number of fire crackers in the Santa Julia suburb by a crowd of demonstrators. There were no casualties.

GARNETTE DECLARAS PLANS FOR OVERTHROW OF GOMEZ ARE NOT IN EXISTENCE.

NEW YORK, March 3.—General Jose Manuel Hernandez, or El Mocho, the veteran leader of several insurrections in Venezuela, has issued a manifesto today from his hotel here denouncing the rumors that he is making preparations for an alliance with Cipriano Castro to overthrow the present government of President Gomez. To the contrary, he stated emphatically that he was making preparations to return to Venezuela to fight Gomez unless that ruler granted to the people direct election, or to fight both Gomez and Castro if the latter undertook to start revolution. In no event would he form an alliance with Castro, he declared.

GARNETTE ATTEND SPORTS.

MEXICO CITY, March 3.—General Felix Diaz was accorded a great ovation yesterday afternoon at the bullring, the first performance of the matadors' sport since the bombardment of the capital.

Ten thousand spectators stood and cheered lustily when General Diaz entered a box in the arena, attended only by his secretary, his chief of staff and a few friends, and the hero of the revolution was forced to rise time and again to acknowledge the demonstrations.

Diaz granted the request of the matadors to kill the bull in his favor, presented favors to the popular heroes of the arena, and the animals had been dispatched. Mechadito, a noted matador, was slightly injured when he put the blade into the third bull.

BOY FLIES KITE WITH WIRE; ELECTROCUTED.

Peculiar Accident Results in Lad's Death: Crossed a Power Line.

FORTSMOUTH, Va., March 3.—While flying kite yesterday Sidney Bright, a 16-year-old boy, was electrocuted.

The boy, who was riding a bicycle, attached a thin wire to the kite instead of a string and when the kite fell across an electric wire 11,000 volts passed through his body, killed him instantly.

ARRESTED FOR THEFT.

On a burglary charge of stealing chickens, C. A. Pierce and E. C. Fulls were arrested last night by Patrolman Oakes.

It is alleged that the two men entered a shop in the rear of the home of P. E. Butler, Lawton and Clinton avenues, and stole chickens.

TEXAS WOMAN ROBBED OF \$41,000

Wife of Real Estate Man Is Found Unconscious on Doorstep at Evanston.

Purse Which Had Contained 41, Thousand Dollar Bills Open and Empty.

CHICAGO, March 3.—Chicago and Evanston police officials cooperated today in investigating the mysterious disappearance of \$41,000 in thousand dollar bills, which was either lost or stolen from Mrs. Madel Miller, 45 years old, wife of a wealthy real estate dealer of San Antonio, Tex. All banks have been notified to watch for the bills.

Mrs. Miller is in a serious condition at an Evanston hospital, due to a wound on the back of her head, which she received either from a blow dealt by robbers or a fall. She was found unconscious with her pocketbook open on the doorstep of Mrs. A. J. Copeland in Evanston and removed to a hospital, where she was revived and told the police a story of having drawn \$43,000 from a Chicago bank Saturday and spending \$2,000 on a shopping tour in State street and then living with a woman friend in Evanston.

She said she suffered intensely from the cold when she started back to Chicago and that she had no recollection of how she lost the money.

Big Gun Splits on New Wyoming

Cap Square on Trunion Block Parts, but No One Injured.

WASHINGTON, March 3.—Rear Admiral Badger, in command of the Atlantic fleet, today reported that the new battleship Wyoming had met with a slight accident. During target practice a few days ago the cap square on the trunion block of one of the big forward turrets was split. No one was injured and in spite of the damage to the gun it was said it could again be used without the least danger.

The Wyoming is on her acceptance trials and is proceeding toward Norfolk.

Rear Admiral Badger has transferred his flag temporarily to the Connecticut.

'Playfulness,' Says Rescued Suffragette

"General" Flora Drummond Disclaims Fear About Tar and Feather Threats.

LONDON, March 3.—"General" Mrs. Flora Drummond, the militant suffragette whom the police had to rescue yesterday from a mob in Hyde Park, declared today that she has no fear of the threats that have been made to tar and feather her. She described the wild scenes yesterday as "merely an instance of boyish playfulness," and added:

"Every fresh outbreak of militancy on the part of the women brings enthusiastic recruits. The vast majority of men admire us."

Italy Also Makes Military Preparations

Increases Garrisons on Swiss Frontier and Excavates for Mines.

GENEVA, Switzerland, March 3.—The Italian government has joined the rest of the European continental powers in making military preparations. It has increased the Italian garrisons along the Swiss frontier and military engineers are engaged in building new forts commanding the passes from the mouth of the Simplon tunnel toward the east.

Chambers for mines have been excavated at the Italian entrance to the Simplon tunnel.

CHINKEE IN SUICIDE.

SAN FRANCISCO, March 3.—Desirous of continuing his hobby, Chinkee Woo, a Chinese cook, 62 years old, and a patient at the tubercular hospital, committed suicide this morning. He was found sitting in bed with a razor in his hand and his throat cut from ear to ear.

GARNETTE ATTEND SPORTS.

At noon President Huerta, General Diaz, General Mondragon and General Blanquet stood on the balcony of the national palace and reviewed the parade organized by the Polis Diaz Club in honor of the men who were most closely identified with the recent revolution. Several thousand persons, representing the different branches of the military service, civic societies and various organizations, afoot, mounted and in carriages, paraded through the principal streets. Thousands of spectators lined the streets surrounding the palace, but were not markedly demonstrative, although "vivas" were numerous.

ROYES' RIDERLESS HORSE.

A feature of the parade was the riderless horse of General Bernardo Royes, walking behind a carriage in which reposed a painting of the general.

LAST DEEP TRIBUTE PAID TO FATHER J. B. M'NALLY

St. Patrick's Church Filled With Sorrowing Friends at Mass

In the presence of sorrowing relatives, brother priests, city officials, and children, among whom was her friend, Major McManus, who died during the Mass of repose for the late Rev. Father J. B. McManus at St. Patrick's church, the

rites allotted to the parishioners were timed to begin at 10 o'clock, and the members of the different societies were forced to press their way past a throng of 1,000 people that gathered in the aisle.

Sacred organ music was accompanied with the singing of an old hymn by Father Kenedy of St. Francis de Sales. The organist, who had been personal friends of Father McManus, The service over the dead priest was made impressive by the flares at half-mast over St. Joseph's school and across the front of the building.

The honorary pallbearers were: Fathers William Lyons of St. John's church, San Francisco; Eugene Sullivan of Alameda; Robert Shumans of Berkeley; James Kiely of San Leandro; Francis Long of St. Peter's church, San Francisco; P. Dempsey of St. Mary's, Oakland; and Paul Galli of St. Joseph's.

Honorary pallbearers from the members of the parish were: Paul Quinn, William Walsh, William Barnes, Patrick Murphy, Owen Shortt, Michael Henley, Frank McDonagh, James Hanberry, Matt Conroy and Roger O'Connor.

The active pallbearers were Matt Branigan, W. J. Hennessy, P. W. Tracy, Jas. McManus, Francis Garrison, John P. Mullins, D. F. McCarthy and Michael Haran.

Father P. J. Cummings, chancellor of the archdiocese and pastor of Mission Dolores church in San Francisco, celebrated the mass. He was assisted by Father P. S. Casey, pastor of St. Peter's church, San Francisco, as deacon, and by Father Patrick Powers of Livermore as sub-deacon.

BERKELEY POLICE START CLEAN-UP

Chief Vollmer Starts Men After Violators of Sanitary and Weed Ordinances.

BERKELEY, March 3.—Chief of Police Vollmer's annual "clean up campaign" began today throughout the city, chiefly in the hands of the patrolmen of the first and second details. To a greater extent than ever before, the police expect the cooperation of property owners and householders, while the school children have also been interested in the "spotless town" sentiment and are trying with each other in the keeping up of the standards.

"Serve all persons found violating any of the sanitary ordinances with five-day notices," reads Chief Vollmer's orders to his squads this morning. "Follow this up with a second call at the time of the notice." In the notices the police has not been compelled with secure warrants for the arrest of delinquents.

A similar order has been given the patrolmen who are to enforce the weed and other sanitary ordinances enforcement having been allotted to the first detail of the force and the weeds to the second detail.

Last year it was found necessary, before the new year, to hire additional help to secure warrants for the arrest of many property owners, residents both within and without the city. Chief Vollmer believes, however, that last year's stern measures had an educative effect that will render his men's task lighter this year.

Teachers in all schools have taken pains to interest the children in the clean up measures. Many have requested the children to bring in reports of the work they have done by the end of the week.

SUICIDE MADE HIS OWN DEATH COUCH

Reno Man Registered as John Vance Selects the Gas Route.

Transforming his bed into a sort of shelter tent by allowing the blankets to fall to the floor on all sides around it, a man believed to be John Vance of Reno, crawled under the blanket curtains taking with him the end of the gas heater hose, and committed suicide in a room to which he had withdrawn from the gas. The man made a small tent of his bed, placed pillows and a blanket on the floor beneath the bed, and used this as his death bed.

The blankets draped over the bed and touching the blanket spread upon the floor formed a perfect air tight death chamber for the asphyxiation of the man.

The suicide had carefully removed from his garments every clothier's mark or laundry mark, had burned all his letters and personal effects, and left nothing by which he could be identified. He had even shaved off his mustache to avoid identification.

The body was found yesterday by Mrs. Ma McGuire, proprietor of the Sherman house at Sixth and Webster streets, in which he had taken a room some days before. Mrs. McGuire notified the police, who were unable to reach the morgue. He had signed the hotel register with the name of John Vance, Reno. It is thought probable that this is an alias.

The suicide was well dressed, was about 45 years of age, and gave the impression of being a man of good education.

TWO SUICIDES REPORTED.

Two suicides occurred yesterday in Oakland. The second was that of C. Hauso, who shot himself through the head in his room at the Hotel Crellin. It is believed his act was due to financial difficulties.

Hauso rented a room in the Hotel Crellin Saturday night and shot himself early yesterday morning. In his clothing letters were found requesting him to pay some long standing bills and other letters from friends assuring him they would try to raise some money for him. He formerly lived at 1704 Eddy street in San Francisco but later resided at 1315 Ninety-seventh Avenue, Oakland.

Letters in his pockets mentioned his wife, Mrs. Anna Hauso, who was supposed to live at the Oakland address, but when the coroner's deputies called at the house they could find no one.

ALAMEDANS WIN TITLE IN BAY COUNTIES LEAGUE

ALAMEDA, March 3.—The Alamedans took the deciding game from the Argonauts yesterday afternoon on the grounds of the school and Clement to decide the championship of the Bay Counties baseball league. One serious accident marred the game. Halfback Bud Kiser of the Alamedas sustained a broken shoulder in a tight play. Kiser was taken from the field in the first half of the game and the broken bone was set by Dr. W. J. Hostford.

The Alamedas had things pretty much their own way throughout the game. At the close of play in the first half the score stood 10 to 2 in favor of the Argonauts.

The dropping of Kiser threw the Alamedas into some confusion, apparently, but the winning team was able to prevent the Argonauts from evening the score and the game ended as it stood at the close of the first half.

BERKELEY Y. M. C. A. IS TO HOLD "FUN FESTIVAL"

BERKELEY, March 3.—The senior and boys' departments of the Berkeley Y. M. C. A. are making final preparation for their "Fun Festival," to be held at the association building on Alston way two nights next month. The dates are yet to be selected.

The high school members of the Y. M. C. A. are holding the musical portion of a yearly minstrel show. An annual gymnasium exhibition has been held by the boys' department. This year the two will be combined. W. L. Steawright, physical director, and W. H. Gandy, director of boys' work, have the affairs in charge. A detailed program is to be announced later when the dates are determined.

BURGLAR PAYS VISIT TO ALAMEDA HOME

ALAMEDA, March 3.—An open bathroom window, protected only by a detachable screen, was the mode of entrance selected by a burglar to visit the Chas. G. Thompson home at 1825 Clinton avenue. The burglar, who is preparing for exhibition at the fair, was seen in the lobby of the saloon, where he is staying, at 1:30 a. m. It is allowed that Schmidt sold whiskey at 1:45 to a customer in the saloon. The case was continued to Wednesday morning.

CAPTAIN EVANGELISTIC SERVICE

ALAMEDA, March 3.—The Rev. William Keene, Towler will open tonight, at the First Baptist Church, a series of protestant services on the evangelistic order.

His opening subject will be "An Old-Fashioned Fun Hunt."

The Rev. Towler is deemed one of the most successful evangelists and pulpit orators of the day. He will hold a service each night during the week.

ALAMEDA MAYORALTY CAMPAIGN

May be Livened With Third Candidate.

ALAMEDA, March 3.—It is rumored with more or less directness that a dark horse may enter the mayoralty field this week. The dark one is said to be an exceptionally strong candidate and that it is reported he is being groomed with the idea of making a winner race.

There has been more or less talk of this nature ever since F. N. Delaney retired from the field. About the time Delaney retired friends of Alexander Mackie commenced to circulate petitions for Mackie and Mackie is now a full-fledged candidate, making his campaign largely on a platform of economy and a reduced tax rate. Mackie's entrance into the field has had no effect as a deterrent on the plans of the men back of the dark horse.

Gonzales and his son are severely head injured, while Rodriguez sustained two broken ribs, in addition to other injuries.

When the collision occurred the buggy which Gonzales was driving was coming on East Fourteenth from the direction of Hayward, where Gonzales, his son, and friend, had spent the afternoon. The street car also coming from the Hayward direction, crashed into the buggy in the dark. The frail vehicle was demolished by the impact, and together with the occupants was carried along by the car for a considerable distance. A large crowd was attracted to the scene of the accident, and first aid was rendered the injured. The little boy, Joe Gonzales, appeared to be the most seriously injured, his head being badly cut. He was in an unconscious condition, as was also Frank Rodriguez.

J. E. Hood, real estate man of Elmhurst, had the man and boy removed in his machine to the office of Dr. P. H. Weber of 9725 East Fourteenth street.

On examination Dr. Weber found that the injured were in a dangerous condition.

It was at first thought that the boy Gonzales had sustained a fractured skull, but this turned out not to be the case.

After they had been attended to by Dr. Weber, the injured were removed to the Gonzales home, near which the accident occurred. The horse attached to the Gonzales buggy was badly cut and bruised. The street car was not much damaged by the collision.

THE BALKANS ASK FOR BIG INDEMNITY

PEACE TERM WITH TURKEY INCLUDE SURRENDER OF THREE CITIES.

ROME, March 3.—According to official information received the Balkans states will insist upon the following conditions for the conclusion of peace, even through the mediation of the powers:

First—The contracting parties pledge themselves to the immediate and simultaneous cessation of hostilities after the signing of the treaty of peace.

Second—Contemporaneously Turkey must surrender to the allies Adranople, Souda and Janina.

Third—The Bulgarian-Turkish frontier shall extend from Roberto to Midia, the exact line to be established by a military commission composed of Bulgarians and Turks.

WANT HEAVY INDEMNITY.

Fourth—The peninsula of Gallipoli to be ceded to the allies.

Fifth—All the Aegean Islands occupied at present by the Greeks to be ceded to the allies.

Sixth—Prisoners of war and hostages to be exchanged with the belligerent.

Seventh—Turkey to pay all the three hundred million dollars in indemnity, deducting from it, however, that portion of the Ottoman debt borne by the Turkish European provinces.

Eighth—A special representative of the Sultan to be permitted in the Balkan territory for religious purposes, having under his jurisdiction all mosques, pious funds and church properties.

Ninth—All treaties, conventions and agreements existing between the allies and Turkey before the commencement of the war to be re-established.

THE ORDINANCE is one creating a re-creation commission in the city of Alameda, and placing under control and management of the commission all playgrounds and recreation facilities now and hereafter to be acquired and owned by the city and future providing for the maintenance of the same.

The ordinance, which is attached to the petition sets forth the duties and powers of the proposed commission.

THE ADVENTISTS OCCUPY NEW CHURCH

BERKELEY, March 3.—The congregation of the Seventh Day Adventist church of Berkeley will begin holding regular meetings at the new building just purchased from the Park Congregational church at Fairview and King streets. The edifice was formally dedicated Saturday at the service of the sect. The dedicatory exercises included a sermon by E. E. Andross, president of the Pacific Union Conference, and talks by E. W. Farnsworth, president of the California Conference, and A. G. Taft of Mountain View. Miss Ada Hartley was soloist of the musical portion of the program and was assisted by a special choir.

WOULD RE-ESTABLISH DEFUNCT COMMISSION

ALAMEDA, March 3.—A petition for the placing on the ballot at the coming election a proposition for the re-establishment of a park and playground commission, is being circulated today, and will in all probability be filed with the city clerk in time for action by the council tomorrow.

THE ORDINANCE is one creating a re-creation commission in the city of Alameda and placing under control and management of the commission all playgrounds and recreation facilities now and hereafter to be acquired and owned by the city and future providing for the maintenance of the same.

CONTRACT OUT FOR AUDITORIUM

California Construction Company Only Bidder at \$177,867.

Award of contract was made by the city council this morning to the California Construction company for the fabrication and erection of the steel on the new municipal auditorium. The California Construction company was the only bidder, the bid being \$177,867. This amount is well within the estimated cost and the bid had been delegated to pass among the contractors.

In a communication filed with the council by Architect Donovan, he recommends the acceptance of the bid as the best work must be completed July 31.

TWO ARE RUN DOWN BY MOTOR VEHICLES

BERKELEY, March 3.—Motor vehicles were responsible for slight injury to two pedestrians in this city yesterday. Harry Timbs at 412 Haste street was struck by a motorcyclist as he alighted from a telephone car by an automobile driven by John W. Havens, 2831 Benvenue avenue. He was not seriously injured.

A man and woman riding a motorcycle ran down John Lowrey of Peralta Park at Grove street and University avenue late yesterday, and rode rapidly away without stopping to learn the extent of his injuries. He was given first aid at the police station for numerous scratches and bruises.

ISSUE LAW REVIEW

UNIVERSITY OF CALIFORNIA, March 3.—The third issue of the California Law Review, published by faculty and students of the law school of the University, made its appearance yesterday. ALAMEDA, March 3.—That Assistant Postmaster H. M. Hammond will be appointed acting postmaster of Alameda by the postmaster general is believed to be the next step, which will be taken in the matter of the Alameda postmastership.

It was in that same faith that Father Macdonald came to meet Justice Lillian. It is his desire now to believe that his illness was fatal. When, however, strength refused to return, in spite of all the reassuring words of his friends he realized the inevitable.

The same solemn respect for another victim of the revolt was shown when the draped picture of General Gregorio passed.

In front of the palace women in a carriage heading a delegation of factory employees released four doves of peace. Among the transparencies were some bearing such inscriptions as "Honor and glory to the restorers of peace" and "Our country is saved."

County Assessor C. F. Horner has appointed deputies who will assist in making up the rolls during the next six months. Those announced today are: E. J. Crowley, Frank Storer, Ernest Wilxon, W. H. Buttersby and Edith E. Hobbs. Mrs. Hobbs was formerly connected with the county clerk's office where she was engaged as a copyist of old records. Through a recent resolution passed by the board of supervisors the position was doubled.

James B. Barber, county tax collector, has appointed J. A. Webster and W. P. Barstow as deputies to serve during the present month and possibly for a longer period.

PARK CONCERT DRAWS THOUSANDS

Excellent Program and Ideal Weather Attract Crowds.

Residents of Oakland thronged to Lake-side park yesterday afternoon to attend the park band concert given under the direction of Paul Stelendorf, the veteran Pacific Coast musician.

Conditions were ideal for the affair, and the program was one of the best yet given by the park band. Over 4000 people attended the concert.

BAND CONCERT AND DANCE IS PLANNED

Company F, First Regiment, League of the Cross Cadets, will entertain in St. Mary's College gymnasium on the evening of March 26, with a military band concert and dance. The regimental band of San Francisco, under the direction of Lieutenant W. M. Williams, will furnish the music and dancing will follow the program will be rendered. The proceeds of the entertainment will be used to remodel the armory of the company. The following committee is working for the success of the affair: Lieutenant George L. Courtney, chairman; Sergeant H. J. Fazakerley, secretary; Sergeant John J. Carey, treasurer; Sergeant J. J. Smith, Corporal Joseph G. Walsh and Privates James Dahl, H. L'Heureux and J. J. Riordan.

SHARES HIS INCOME BUT WANTS DIVORCE

SAN FRANCISCO, March 3.—Mrs. Myrtle Summerhayes, who resides with her brother, E. L. Peacock, at 2731 Harrison street, Oakland, and who is enjoying an allowance from the trust fund left her husband by his first wife, testified in support of an action for divorce in Superior Judge Van Nostrand's court today.

Summerhayes, who is now in Joplin, enjoys an income of \$250 a month from the estate of Annie L. Summerhayes, his first wife. A continuance of the case was had until March 17, to allow for the setting of his deposition.

WORKERS TO RALLY FOR BIG CAMPAIGN

Churchmen Will Begin Tonight Effort to Build Community Center.

This evening a rally of all the 125 workers who are to participate in a ten-day campaign to raise \$25,000 with which to build a community center at Telegraph avenue and Twenty-ninth street, will be held in Trinity church. The meeting will be addressed by Chief of Police W. J. Petersen, Christopher Bues and Rev. Alfred W. Palmer, the two former to speak on the needs of such a community center and the benefits to be derived therefrom, and the latter will tell of the methods employed in establishing the community center at Piedmont avenues and Howe street.

A strong organization has been perfected to conduct the campaign for this new center. The headquarters are to be in Trinity church guild hall, where the workers will gather at the noon hour and supper hour on each day of the campaign and will then report the subscriptions secured by them on that day. The campaign will start on Tuesday, March 4, and continue to Friday night, March 14.

Samuel J. Taylor is general chairman of the workers, and Walter B. Bakewell is treasurer of the fund, to which over \$2500 has already been subscribed.

The campaign organization is composed of the following:

Advisory Committee—William H. Donashue, F. W. Carlson, R. M. Veltch, S. J. Taylor, Dennis Searies, Warren Olney Sr., H. C. Chesebrough, Mrs. C. C. Clay, Mrs. S. T. Alexander, the Rev. John Bakewell, D. D., and Mrs. Archibald Bonner.

Campaign Committee—Rev. Clinton Macom, F. W. Reyland, W. B. Bakewell, J. W. Briscoe, W. S. Sanders, H. C. Chesebrough, H. H. Cox and Robert Turner.

The workers will be divided into four general committees in charge of the following chairmen:

Citizens' committee, F. A. Campbell; Young men's committee, H. C. Knight; Women's committee, Miss Grace Trevor.

Young women's committee, Mrs. F. A. Campbell.

Each of these chairmen will be in charge of five captains, each of whom will be over five workers.

Preparations have been completed, printed matter has been mailed to people in the community to be canvassed, explaining the plan for raising the funds and the work to be conducted upon completion of the Parish House and Community Center.

Catholic Prelate Is Opposed to Suffrage

Mgr. Russel Says Women Will Get Vote When Majority Want It.

WASHINGTON, March 3.—Anti-suffragists were jubilant today over having won to their cause the powerful influence of Mgr. William Russell, one of the most influential and distinguished prelates of the Roman Catholic church in Washington. In a sermon at St. Patrick's Church last night, Mgr. Russell said that if the majority of the women really wanted the vote they should have it.

"But I cannot witness without a feeling of indignation," he said, "a small noisy minority, as it seems to me, trying to ride rough shod over the vast majority of home-loving, child-loving women and compelling them to accept suffrage whether they want it or not. I see nothing to be gained by woman suffrage, but I see much to fear."

Secretary Hilles Is To Enter Surety Co.

Charles D. Will Retain Chairmanship of the Republican National Committee.

WASHINGTON, March 3.—Charles Dewey Hilles, secretary to President Taft for the last two years, will quit the White House March 4 to become a partner of Edmund Dwight, resident manager of New York of the Employment Liability Assurance Corporation, Limited of London. Mr. Hilles will retain the chairmanship of the Republican national committee, for which he was chosen last summer.

Hilles came to Washington four years ago as assistant secretary of the treasury. He served in that capacity for two years and entered the White House on April 4, 1911, succeeding Charles Dyer Norton.

Train Accident To Crowned Heads

Causes Rumor of an Attempt Against Italy's Royal Pair.

NAPLES, March 3.—An insignificant accident to the train on which King Victor Emmanuel and Queen Melena were traveling to Naples caused the spread of a rumor yesterday that an attempt had been made against the royal train. The accident was so trivial that it was not noticed by the sovereigns.

EMBEZZLES TO AID HIS DYING WIFE; RELEASED

SACRAMENTO, March 3.—Because his wife is dying, W. C. Francis, a solicitor and collector for a local plumber, who was arrested on a charge of embezzling \$15, was allowed his freedom by the police. After Francis had told his pitiful tale, that on investigation was found to be true, he was released on his own recognizance with the promise that he would appear in court today. Frank Waterman, who employed Francis, is the complainant, and says he believes his collector is about \$250 and \$300.

Francis freely admitted taking the money, declaring he could not bear to see his wife suffer and used the money to buy medicines for her. He says he did not deliberately steal the money and expects to repay every cent to his employer.

GOES TO PRISON AGAIN.

SAN FRANCISCO, March 3.—John Osgood was started to the penitentiary for the third time this morning and the total amount of the money he obtained as the result of a trio of crimes was less than \$25.

His story, which was proved to the satisfaction of the police, so far as his wife's condition is concerned, and also in relation as to how he extorted the money, reached the hearts of the police and he was immediately released.

ARTIST WILL WED FAIR CALIFORNIAN

Man Who Soured Leopold With Book Beer Is to Take Bride.

SAN FRANCISCO, March 3.—J. Haydn-Clarendon, mining expert, actor, playwright, war correspondent and soldier of fortune, who first sprang into prominence while an art student in Paris by tossing a glass of bock beer into the face of King Leopold of Belgium because that dignitary attempted to fire at Cleo Merle, the noted French actress with whom Haydn-Clarendon was infatuated, will be married in a few months to Miss Alice Cowdry, magazine writer and daughter of J. F. Cowdry, chief counsel for the Grant Powder company. If present plans do not interfere.

Parisian newspapers devoted columns to Haydn-Clarendon's episode with King Leopold. The young mining engineer, who at that time was but 19 years old, was studying art under the tutelage of Alphonse Mucha.

In the painter's studio he met Cleo Merle and became enamored of her. One night while in the Cafe de la Paix, he saw King Leopold seated at a table with the French star.

Samuel J. Taylor is general chairman of the workers, and Walter B. Bakewell is treasurer of the fund, to which over \$2500 has already been subscribed.

The campaign organization is composed of the following:

Big Crowd Watches Bob McAllister in His First Workout

Oakland Fans See Champs Indulge in a Glorious Batting Fest

OLYMPIC BOXER IS A GLUTTON FOR WORK

Ed Choynski Shows Ex-Amateur Tricks That Brought Brother Fame

(By THE TIMEKEEPER)

Most of the fight fans believe that there is an almost unsurmountable gulf between the amateur and the professional, and for that reason they are somewhat inclined to smile at the aspirations of the amateur to break into the camp of the sacred professional. But they are wrong. Those who really know the difference only smile at the hairline that is drawn between the man who accepts money for his services in the ring and the man who accepts gold watches. The line of distinction is so infinitesimal that it is hardly perceptible. Of course it is there. There is no denying that fact. There is a line of distinction and it is very marked, even though that distinction may be very easily obliterated.

All of this tirade, crusade or whatever you want to call it has to do with the case of one, Bob McAllister, amateur champion from the Olympic club in San Francisco. Bob cleaned up everything that the amateurs had to offer without losing a single blow. His record is some record and now he wants to get into the game where the real coin is planted. And he's going to do it, too. Bob has been matched, as you know with Willie Meahan, for the next few weeks. And when he does, on March 22, at Piedmont, portion, and he's spending his spare time getting into shape for that contest.

Bob Working Hard

Unlike the majority of the pugilists, Bob is not born to work. Probably that is because he is an amateur. When they reach the pinnacle of their profession they are prone to abandon the real hard work for a match by "sluffing" on their training. Mind, this does not apply to all of the champions, there are very few who will willingly go into training even if they are only scheduled to meet a mediocre fighter in a short bout, but the great majority figure their opponents as "easy" and do little work. McAllister, however, is taking chances. He is working real hard. No better evidence of this fact is manifest than the fact that he worked out yesterday afternoon before an extra large crowd at his training quarters in the Wheelman's club. Bob is a man of stout frame. He knows the game and it takes a mighty good boy to make him look bad in the ring, yet this is what McAllister did yesterday. Bob toyed with the Chicago boy, and the fans believe that if can show the same spirit and hard work that he put into the game that he showed yesterday he will give Willie Meahan the time of his life to stay the ten rounds.

There is no gainsaying the fact that the managers have picked a "tough nut" for Bob to crack in his first professional appearance. It may be a hard nut and maybe it will prove bad for Bob. Only the result of the match can tell. Suffice it to say that when Willie Meahan enters the ring he had better be in good shape, even if he is pitted against an ex-amateur.

Popular Card

That this card will prove a popular one is attested by the fact that even before the pasties have been placed within the reach of the public, Promoter Morris has been besieged with offers not only for single seats, but for seats in blocks. McAllister is the prestige of the Olympic club in San Francisco. That club turned out such champions as James J. Corbett and Jimmy Britt. There is the element of mystery about over McAllister's appearance that there was over that of Corbett's and Britt's, and the club members want a block of seats in a bunch. There are a couple of other clubs that have also put in a request for seats, and it is possible that one of them will be sold off long before the match. Matchmaker Jimmy Rohan announced this morning that it was his intention to open the seat sale on Wednesday.

"There has been such a big demand for seats, and Rohan has felt it would be a wise place to sell them earlier than usual. I do not know what we will do with the request for blocks of seats for the club members, but I suppose that we will have to supply them. However, I am going to try to prevent the ticket scalper from getting hold of the tickets."

(By BILLY FITZ.)

LIVERMORE, March 3.—The Livermore Giants didn't do much in the way of resisting the Oaks yesterday, and as a consequence the latter aggregation had little chance to show its prowess. True, it piled up a score of 16 to 3 against the locals, but for all that the going was pretty quiet.

Cy Perkins gave the Livermore players two out of three they tallied and outside of that held them down pretty well. Also, throughout the game, he expressed his sentiments in no uncertain terms. Cy declared he was a wildcat, a bear, and in fact acted like the whole animal. As his good arm was in a bind, though, he declares that when he gets down to Oakland Thursday he is going to "show them White Sox something by pine."

It is a likely looking aggregation that Manager Mitze is heading this year, and in their new togs, the boys looked great yesterday. The weather was good and the crowd ditto. Every man had a good chance to show his ability. Ables and Hueston took turns pitching for the Livermore, and Huston got the best of it. But, by the way, showed that although he is a promising player, he is a little light for a job on the Oaks. The Oaks got some good practice at pull swatting and base running, and the recruits were shown up well.

Ashley Pope, or "Porky," and, as he is sometimes also called by his teammates "Piggy," has developed that class which was expected to result when they farmed him out last year. He is right there with the rest of the team in looks and in ball any time. Manager Mitze knows it, too, for early in the proceedings, after stopping a few of Porky's swift ones, Honus gave up his job to Daddy Rohrer, looking declare that enough was enough, and he wasn't going to stand behind those swift ones any more than day.

Schirm got over a good deal of ground, and pounded out several with the big club. He missed one in the field that he might have gotten. Beckel's principal chance came with the club, and he knocked out a few hits, and got away in nice shape.

Rube Gardner and Art Ness both gave an exhibition of how candidates for first base should look in action. The lads had both playing right up to the line, and Mitze will have to do some tall thinking before he decides who is who for the position. Gardner has been playing baseball since nine years, and covers first base great. Ness, Nellie, and Art have been playing so long but, with those long arms and legs, covers half the field anyway.

One of the features yesterday was the hard hitting of Odie Abbott. He knocked over catchers, and, as he is, he is not bad either. He took two boys to find. Hueston is almost right now, and Cook looks fit. Bill Leard hasn't got his batting eye yet.

Daddy Rohrer is showing marked improvement as catcher. Manager Mitze is slowly breaking in. Bert Cox is still here with his toe, and didn't show yesterday.

The score was as follows:

'IF CHRIST WERE IN CABINET' AS TEXT

BEARS GAMBLIN THE WHEAT PIT

Preacher Elicits Opinions From Famous Men on Probable Result.

PHILADELPHIA. March 3.—The Rev. A. E. Barnett, rector of the Episcopal Church of Our Redeemer, took the title for his sermon last night, "What Would Happen If Christ Were a Member of President Wilson's Cabinet?"

The clergyman had previously written to fifty famous men and women and asked their opinions. Among those who replied were:

Emile Berliner—Pure idealism is out of place in politics. Lincoln would do better than Christ.

William Allen White—Christ would be the Secretary of Commerce and Labor. His was the first and greatest help the poor ever had in the world.

Robert J. Burdette—It would not increase His authority or power. If the President would be guided by Christ's principles something would happen.

John G. Woolley—Christ will be in that cabinet and we shall see what is going to happen.

Rear-Admiral Gibson—There would be a second crucifixion because all political parties are dominated by the foes of Christ.

Richmond P. Hobson—The money-changers would be driven from the temple of the government—particularly those who are trafficking in health, morals and character.

Poulton Bigelow—He would be ejected with less formality than were he a member of the Roosevelt cabinet.

Billie Carmen—Christ was a teacher, not a statesman. He would not belong to any faction.

Jacob A. Riles—There would be an earthquake if Christ were in that cabinet.

Dr. John Burroughs—All the big news papers immediately would be down on him.

BREMER WINNER OF RIFLE PRIZE

Award is Announced in Shell Mound Target Contest.

Otto A. Bremer wins the first prize in the public prize shoot of the Shell Mound Park management for the best score of the day. He also wins the prize for the first bullseye upon re-opening the targets after the noon recess, and wins the prize for the fifth best center in the rifle competition.

Edgar G. Hough wins the second prize to the rifle competition and the fourth prize in the bullseye shot.

George A. Patherys wins the third prize in the rifle competition and the third prize in the bullseye shot.

BIG BOND REQUIRED FOR ADMINISTRATORS

Surety bonds in the sum of \$225,105 each will be required of Henry and Alfred Audifred, who today petitioned Superior Judge Ogden for letters of administration in the estate of the late Hypothec Audifred.

BUDGET DISPUTE CAUSES TANGLE

Nearly Seven Hundred County
Employees May Be Without Salaries.

CHICAGO, March 3.—Nearly 700 Cook county employees are off the payroll and all may be without salaries in 1913 as a result of failure last night of the county commissioners to agree on the annual budget. County Attorney Chundblom and State's Attorney Mackay Hoynes of Cook county agree that the failure brings in question the entire budget and may operate to prevent the payment of any salaries by the county. Unprecedented woes and alarm prevail among the army of Cook county employees, 680 of whom are cut off from their pay roll altogether, while long drawn out court action may precede the receipt of salaries by any of the others.

The deadlock in the county commission was caused by the failure of the commission, the members of which are of varying political faith, to agree on a compromise after President A. A. McCormick had vetoed the salary appropriation for the 680 jobs.

The budget had to be passed on the legislative day of March 1! The clock was piled high amid excitement, threatened fist fights and vigorous remonstrances by the session which had many hours, but after an all-night wrangle the commissioners gave up and adjourned a few minutes before 6 o'clock this morning. The only dependents of Cook county sure of their income are the indigent poor and inmates of institutions whose sustenance will be the immediate care of the courts.

ARSON CRUSADE PREVENTS FIRES

New York Figures Show Re-
sult of Fight Waged
by Officials.

NEW YORK, March 3.—A marked decrease in the number of fires in this city during the first two months of 1913 as compared with the same period last year is attributed by Fire Commissioner Johnson to the crusade against professional arson operations which the authorities have been waging. The commissioner's figures show 2287 fires so far this year as against 3243 in January and February a year ago, a decrease of 1006. Fires in the "firebug zone" in the upper east side were reduced more than 50 per cent.

"There is no doubt in my mind," the commissioner said in his report today, "that this reduction of 1006 fire reflects the number of incendiary fires which would have occurred this year if it had not been for the arson crusade."

There have been twenty-eight indictments for arson and several important convictions during the "arson trust" prosecutions, which are still in progress.

GOODWIN'S LEADING WOMAN IS DIVORCED

BALTIMORE, March 3.—Mrs. Margaret Doughty, known to the stage as Marjorie Moreland, Nat Goodwin's leading woman, Saturday was granted an absolute divorce from Charles N. Doughty on the ground of abandonment for more than three years. The divorce was applied for by her on September 14 last.

Doughty made no attempt to oppose the application, neither appearing in it in court nor any witness being called in his behalf.

Mrs. Doughty is still with Goodwin's company at Los Angeles. There have been reports from time to time that she was engaged to the actor.

FISHER TO REPORT ON HETCH-HETCHY TODAY

WASHINGTON, March 3.—Representatives Kahn and City Attorney Long and Engineer O'Shaughnessy yesterday were anxiously awaiting Secretary Fisher's action on the Hetch-Hetchy project which is scheduled to be announced today.

Representative Kahn yesterday again saw President Taft and explained the engineer's report and asked the President to urge Fisher to make a speedy and favorable decision. The President said he would do what he could. Fisher yesterday would say nothing except that he would announce "what he had to say" tomorrow.

PORTO RICANS PLAN FIGHT ON FREE SUGAR

NEW YORK, March 3.—Free sugar or even the reduction of the tariff to one cent a pound will be opposed by the Democratic delegation from Porto Rico that arrived here yesterday from San Juan en route to attend the inauguration of President-elect Wilson.

Frank H. Clegg, chairman of the delegation, said the delegation would seek a conference with the House leaders to demand that the status of the Porto Rican product be definitely defined in the sugar schedule of the tariff bills.

STEEVER TO BE RETIRED.
SAN ANTONIO, Tex., March 3.—Erigadier General E. Z. Steever, in command of the department of Texas, with headquarters at Fort Sam Houston, was ordered before a retiring board at the fort. General Steever will reach the age limit August 20.

VARYING WEATHER FOR NEXT FEW DAYS

East of the Rockies Fair
Weather Is Indicated.

WASHINGTON, March 3.—General weather is indicated the first half of the coming week in the greater part of the country east of the Rocky mountains, according to the weekly weather bureau bulletin issued yesterday. A disturbance now over the Canadian northwest will move eastward along the northern border and be attended by cloudiness and local snows over the northern states.

"West of the Rocky mountains," says the bulletin, "the weather in the next few days will be unsettled with local rains in the middle west, the southwest and far western states; moderate temperatures will prevail during the entire week. The next disturbance of importance to cross the country will appear in the far west about Tuesday, cross the middle west about Wednesday and the eastern states near the close of the week. This disturbance will be preceded and attended by rains in southern and middle states and rains and snows in north states east of the Rocky mountains."

Cooper was born and educated in Washington. For a time he was connected with the Mexican boundary commission and accompanied Secretary Knox to Central America and the Caribbean last winter.

KNOX'S SECRETARY TO AID CALHOUN

WASHINGTON, March 3.—William Leslie Coombs, private secretary to Secretary of State Knox, will leave for San Francisco soon to become private secretary to the president of the United Railroads of that state.

Coombs was born and educated in Washington. For a time he was connected with the Mexican boundary commission and accompanied Secretary Knox to Central America and the Caribbean last winter.

AGED MAN RESCUES WIFE FROM BLAZE

SAN FRANCISCO, March 3.—Fire of mysterious origin last night threatened to destroy a group of frame dwellings housed in Harriet street, between Sixth and Seventh streets. A double alarm brought an entire battalion of the fire department to the scene and a deluge of water from the hosepipes soon checked the flames.

Timothy Murphy, an aged employee of the gas company, rescued his paralytic wife from a smoke filled room in the house at 350 Harriet street, where she had lain for four years unable to use a muscle.

PRESIDENT COMMUTES SENTENCE OF HEIKE

WASHINGTON, March 3.—President Taft last night commuted to the fine and costs the sentence of Charles R. Holte, secretary and treasurer of the American Sugar Refining Company, of eight months in the New York county penitentiary and a fine of \$5,000. Holte was convicted of conspiracy to defraud the United States in effecting entry of dutiable sugar at less than its true cost.

BUNCO TRUST TO BE INVESTIGATED

Governor Johnson Interests
Himself in Matter and May

DESIGNER SAYS NEW NICKEL'S O. K.

Issue Will Not Be Remade Be-
cause of Tiny Initial
in the Dies.

NEW YORK, March 3.—There is no possibility of the mint recalling the new nickel and making different dies, according to a statement made today by James Earl Frazer of this city, designer of the coins. Frazer gave this information in answer to criticism aroused because the coin possessed a tiny capital "W" worked into the design under the numerals 1913.

There can be no repetition of the incidents connected with the Lincoln cent, Frazer asserts. This penny, he was with drawal owing to protests against the artist's initials on it and new dies were made eliminating that feature. The designer of the nickel says that his coin has the approval of all the authorities.

Governor Johnson had expected to leave tonight for Sacramento but instead he went to Long Beach to take a short rest before returning north.

Another ramifications of the "bunco trust" was revealed tonight according to the police when a house in Pasadena was raided and considerable evidence obtained which will lead to further arrests. The evidence, say the police, indicated a well organized scheme to fleece wealthy winter visitors to Pasadena, a large number of whom are said to have paid tribute to the alleged swindlers by means of various sorts of presents.

NEGRO LEADER VOICES
PRAISE FOR WILSON

NASHVILLE, Tenn., March 3.—Washington, on route to the State of Washington, where he will conduct a speaking tour, yesterday discussed the attitude of President-elect Wilson to the negro. He said: "He is a good man, and I think he is sincere in his desire to do the things which tend toward the uplift, improvement and advancement of my people, and at his hands we have nothing to fear."

"My belief is that the next President of the United States is one of the best friends of negro education that have ever occupied the presidential chair."
